ATHLETICS AGAIN WORLD'S CHAMPIONS

Score Seven Runs in Seventh Inning and Decisive World's Championship Game Becomes Near Burlesque.

GIANTS POWERLESS AGAINST MACKMEN

Shibe Park, Philadelphia, Oct. 26.—The Athletics, champions of the American league, today won the premier honors of the world's baseball by defeating the New York Giants, champions of the National league, by the overwhelming score of 13 to 2.

The American league champions hit the ball to all corners of the field, it not seeming to make any difference who the New York manager sent into the box. It was the hardest hitting game that has been seen at Shibe park for many a day, Murphy having a batting average of 1.000 in his four trips to the plate.

Both teams played ragged ball at times, but the Athletics were always masters of the situation and left no doubt as to their superiority.

Wild Riot of Enthusiasm.
The game over, there was a wild riot of enthusiasm by fans, thousands of them swarming on the playing field and shouting for the winners of the world's series.

Ames, Wiltse and Marquard were batted fiercely while Bender pitched one of his most masterful games. He let the Giants down with four hits, one of which was a double in the first inning, and seemed to have them at his mercy at all times.

BIG CROWD ON HAND.
Games Starts Promptly, With Ames Opposing Bender.

Shibe Park, Philadelphia, Oct. 26.—Fine weather greeted the Athletics and the New York Giants for the sixth game in the series for the championship of the world. The series stands 3 to 2 in favor of Philadelphia. There was an unusually large crowd on hand when the game began.

While the two teams were taking their preliminary practice Ames was to only pitcher warming up for New York, while both Bender and Plank were warming up for the Athletics. Umpire Donnelly took his place behind the home plate, Brennan on base with Deneen in right field and Klem in left. The batteries were, for New York,

STORY OF GAME

First Inning.

New York—Devore rolled a grounder to Bender and was out at first, having two strikes called on him. Doyle drove the ball over the temporary fence in right field for two bases. It was the first ball pitched to him. The ball almost went out of the grounds. Snodgrass lifted a high one which Lord took care of. It was two out with Doyle on second and Murray at the bat. Doyle scored on Murphy's mull of Murray's fly. Murray was caught off first a moment later by a beautiful throw, Bender to Davis. One run, one hit, one error.

Athletics—Lord was an easy out, Doyle to Merkle. The first three batters pitched were wide ones and the next four were straight over the plate, one which Lord fouled. Oldring, who had made a home run off Marquard yesterday struck out. Collins also struck out. No runs, no hits, no errors.

Second Inning.

New York—Merkle lifted a high one which Oldring captured after a long run. Barry muffed Herzog's line drive and the runner was safe. Herzog stole second. Thomas' throw being a trifle high. Barry was slightly spiked by the runner. It was purely accidental. The game was delayed a few minutes while the doctor bandaged Barry's right ankle. Fletcher struck out and Chief Meyers was given a great hand when he came to the plate. It was Indian against Indian. Meyers drove a hard grounder over second base, but Collins made a beautiful pickup and got the runner out first. No runs, no hits, one error.

Athletics—Baker lifted a high fly to Devore and was an easy out. Murphy hit one too hot for Doyle to handle and was safe at first. It was a base hit. Davis rolled an easy grounder to Ames and was retired at first. Murphy safe on second. Barry struck out on three.

LATEST PHASES OF CHINA'S INSURRECTION SHOWN IN PHOTOGRAPHS.

That New York's Chinatown is in sympathy with the rebel forces is apparent by the daily demonstrations in that quarter. All announcements of reported victories of the rebel soldiers over the imperial forces are greeted with cheers. An open meeting, attended by more than fifteen hundred Chinese, was held in New York recently and endorsed the insurrection. Joe Chock Man, of San Francisco, is the leader of the militant Chinese in New York.

Dr. J. C. Ferguson, the American adviser to the Board of Communications, in China, is organizing an Imperial Red Cross society for duty at the front.

Prince Tsai-tao, Minister and president of the general staff, refuses to regard the government reverses in the vicinity of Hankow as serious.

FEDERAL GRAND JURY TO PROBE DYNAMITING CASES

Subpoena is Served Upon Indianapolis Prosecutor to Appear With Plunder Seized in Raid There.

Indianapolis, Ind., Oct. 26.—That the federal department of justice has entered upon an investigation of the so-called McNamara dynamiting cases became known here today. A subpoena has been served upon Frank P. Baker, prosecutor of this county, to appear before the federal grand jury for this district on Nov. 7 and to bring with him all evidence in the form of books, documents, dynamite and exploding apparatus seized in a raid on the offices here of the International Association of Bridge and Structural Iron Workers at the time of the arrest of John J. McNamara, secretary-treasurer of the association. Other subpoenas, it is known, have been issued for the appearance of persons having knowledge of the circumstances of the dynamite in the basement of the building in which are the offices of the iron workers' association and at the home of an iron worker on the outskirts of the city. Several police officials, it was understood, would be among the witnesses.

MAY MAKE BETTER PROGRESS.

Warring Factions in McNamara Jury Selection Simmering Down.
Los Angeles, Cal., Oct. 26.—That apparently antagonistic theories of the state and the defense regarding qualifications for jury service may be reconciled or defined sufficiently to expedite further examination of juror takers, was considered likely today.

Under a ruling already made by Judge Bardwell, a man who thinks he has a strong opinion that the Times building was destroyed through a dynamite explosion, may yet serve on a jury if, in the opinion of the court, the opinion will not influence him so as to make him an unprejudiced juror. The defense has emphasized its contention that corresponding belief in a gas explosion is not a bar to jury service.

At the beginning of the case the defense took the position that belief in the dynamite theory necessarily disqualified a juror while the state assumed a like attitude toward the gas idea. Both attitudes have simmered down to the legal provision that the

court is the final judge of whether a juror can be fair and impartial regardless of what opinions he may express under examination.

Four Talesmen Left.
Four talesmen subject only to per

(Continued on Page Two.)

BULLETIN.

Indianapolis, Ind., Oct. 26.—The Pennsylvania Railroad company was wholly to blame in the wreck of a passenger train at Fort Wayne on Aug. 13, in which three persons were killed and a number injured was the finding today of the state railroad commission.

The decision sets out that two engines were hauling the train, that the engineers were unfamiliar with the division, that a pilot engine was denied to them and that the bend at which the wreck occurred was insufficiently protected by signals.

"CHRISTIAN SCIENCE"

Subject of Rabbi Rice's Address on Friday Evening.

At the Friday evening service to be held at the Achduth Veshalom synagogue (corner Harrison and Wayne streets) Rabbi William Rice will deliver an address on "Christian Science." The subject will be dealt with from the scientific and religious side, and the attitude of Judaism towards Christian Science will also be considered. The service will begin at 7:45 o'clock.

Everybody is cordially invited to attend this service, also the one to be held on Saturday morning at 10 o'clock. The subject of the sermon for this service will be "Relative Values." Strangers are always welcome.

Mrs. Eliza Leasure, of 531 Holman street, is seriously ill with diphtheria.

MAKES DASH INTO ENEMY'S COUNTRY

President Awaits His Reception in Wisconsin With Interest.

TALKS TO STUDENTS

Green Bay, Wis., Oct. 26.—On this, his forty-second day out of Washington, President Taft in fact entered "the enemy's country"—Wisconsin—the home of Senator LaFollette, who is to be his opponent for the republican presidential nomination in 1912.

Mr. Taft had been looking forward to his experiences in Wisconsin with a great deal of interest. Apart from the fact that he was to spend the day in the state where Senator LaFollette holds sway, there was the Fond Du Lac incident, with the withdrawn and re-issued invitation to attract attention and to excite interest in the events of the day.

The president left St. Paul last night at 10:30 o'clock and arrived here early this morning. His principal stops on the way to Milwaukee were to arrive tonight, include, in addition to Green Bay, Appleton, Oshkosh and Fond Du Lac. The last named city will be reached about 4 p. m. according to revised schedule. The president will speak in the auditorium at Milwaukee tonight and will spend the greater part of tomorrow there.

Some Plain, Homely Advice.
Speaking to the students of the University of Minnesota yesterday, the president gave them some good, homely advice.

"University men go out into the world without any money as a rule," said Mr. Taft. "And those who have not money usually serve the public best. If there is anything that is an obstacle, if there is anything that it is difficult for a young man to overcome, it is an income that will enable him to live without work."

"You look about, after you have been out of college twenty-five years and pick out, if you can, a single man who has made a real success, and had a great deal to live upon when he left college. If you find him, he is entitled to a great deal more credit than you are if you have had to hustle in order to get enough to eat, for he has had to overcome more obstacles and more difficulty than you."

Might Study Good Manners.
Mr. Taft suggested that American

(Continued on Page Two.)

SALOON MEN TO ORGANIZE FOR ENFORCEMENT OF LAW

Say They Will Break Away from Control of the Business by Other Agencies Than Their Own.

Plans are well under way for the improvement of saloon conditions in Fort Wayne and the movement is in the hands of saloon men who say they will endeavor to unite the retail liquor interests in one organization, having for its primary object the enforcement of the liquor laws.

In the first place the new organization will seek to break away from brewery and wholesale control and to eliminate from the business some of the elements that have been found detrimental to it and to place the sale of liquor on a better plane.

Careful efforts are being made to avoid the antagonism of any of the associations that are now in existence and the men at the head of the movement have taken their sounding with caution and say they hope to be able

to show all of the men engaged in the traffic that their best interests lie in bowing to the mandates of the law.

In the opinion of the saloon men who have taken the matter in hand the great majority of dealers in Fort Wayne are living up to the law and observing every detail to the letter and they anticipate little opposition from any quarter.

Preparations to send out to every saloonkeeper in the city a circular asking that he attend a mass meeting at which the objects of the proposed association will be fully explained have progressed to a point where the call will be mailed in a short time and at the gathering the sentiment of the men interested will be obtained.

Are Working Quietly.
For some time a few workers in the cause have been feeling the pulse of the

(Continued on Page Two.)

POLICE GET NEW CLUE IN DR. KNABE DEATH MYSTERY

Disguised Man Was Seen Emerging from Alley in Rear of House Near Hour Woman Met Death.

Indianapolis, Ind., Oct. 26.—That a man holding a handkerchief to his face, as if to hide his features, was seen to emerge from an alley in the rear of the apartment house in which Dr. Helene Knabe lived alone at 2 o'clock last Tuesday morning, about the hour at which the physician met her death by a knife blow, was the newest lead that had developed today in the police investigation.

This information was supplied by J. C. Carr, a bartender, who said that as he was going home and turned into the street at the side of Dr. Knabe's apartment he heard two faint screams, and as he approached the alley at the rear of the building a man with a handkerchief at his face came out, passed him and hurriedly disappeared around a street corner. The man, Carr said, was about 40 years old, as well as he could judge, and was well dressed.

Detectives pointed out that if he was the murderer of Dr. Knabe he must have made exit from her flat by its only door into the front corridor of the building, run into a passageway at its side,

thence to the alley in the rear. Investigation has satisfied them that no one had crawled through a window of the flat.

In addition to following this line of inquiry the police again today questioned Miss Augusta Knabe, teacher of German in the public schools and cousin of Dr. Knabe, and also sought among the physician's acquaintances for further possible light upon the suicide theory or

(Continued on Page Two.)

BULLETIN.

Washington, Oct. 26.—A petition asking for the dissolution of the United States steel corporation and some of its subsidiaries was filed in the United States court in Trenton, N. J., today. The petition was prepared by Jacob M. Dickinson, former secretary of war, who had been retained by the government as its special counsel in this case.

Mrs. Thomas Stone, 912 Columbia avenue, will entertain the Friday card club this week.

NEWARK (N. J.) MAN HELD FOR MURDER OF WIFE

FLORENCE BROMLEY. ALLISON MCFARLAND.

Allison McFarland is under arrest in Newark, N. J., charged with murdering his wife with cyanide of potassium. In many respects the case is similar to the Richeson mystery. Florence Bromley, of Philadelphia, is the "girl in the case," and letters which have passed between her and McFarland and which have an important bearing on the case are now in the hands of the police.

CHINESE EMPEROR AND HIS FAMILY PREPARING TO FLEE

Will Quit Land Rocked by Revolution and Seek Japanese Protection--May Come to United States.

Shanghai, Oct. 26.—Native newspapers which are widely circulated south of the Yang Tse Kiang announce positively that the emperor and his family are prepared to start for Mukden, Manchuria, where protection has been guaranteed them by the Japanese. Later, it is stated, the imperial ones will be conducted to the United States. The open and widespread circulation of statements as the above without interference from the authorities is considered significant in view of the restraint to which the press has been subjected heretofore.

A Chinese newspaper in an extra edition today announces that the minister of war, Gen. Ying Tehang, commanding the imperial forces, has been assassinated by his own troops. The paper also

states that Canton has been seized by revolutionists. Great bloodshed is reported there.

AMERICANS IN FEAR.

Legation at Peking Is Asking for More Warships for Protection.

Peking, China, Oct. 26.—The Chinese newspapers report that the troops at Cheng Tu, the capital of Sze-Chuen province, have mutinied and killed Gen. Chao Erh Feng, commander of the imperial forces, and joined the rebels who now hold the capital.

The legations have received no news officially from Sze-Chuen province for the past ten days. They ordinarily discredit

(Continued on Page Two.)

News of Our Neighboring Towns

ONE GRAND BIG SCREAM TONIGHT

Haymakers of Bluffton to Celebrate—Parade Will Start at 7 O'clock.

Bluffton, Ind., Oct. 26.—The Haymakers of this city are planning on one of the biggest times in the history of the organization, this evening. The fun will start with the parade, scheduled for 7 o'clock. There will be about two hundred men in line. It is announced, and among them will be visitors from all of the surrounding cities. Red lights, hay ladders, rube bands and everything that goes to make a success of such an undertaking, have been arranged for.

Promptly at 7:15 the line of march will start from North Main street, south to the Bliss hotel, west on Washington street to the Methodist church, north from there to Market street, east on Market street to Main and north on Main to the lodge rooms above the M. B. & E. station.

Work will then be conferred upon seven tramps from Bluffton and fifteen from Petroleum. Following the work a banquet will be served. Letters have been received from many of the lofts near by, and a large delegation of out of town people will be here. From Marion, Portland, Hartford City, Uniondale, Huntington, Warren, Fort Wayne and Rockford, many men will arrive. The Uniondale tramps will be accompanied by their brass band and the local "rube" band will also be on hand. The Bluffton order is one of the largest in the state.

PREPARING FOR WAR DANCE.

Kendallville Red Men Will Entertain Brothers From Men Willing Cities.

Kendallville, Ind., Oct. 26.—Members of Newota Tribe, Improved Order of Red Men, met Tuesday evening in special session and completed all arrangements for the big meeting to be held in this city Saturday evening, when a large class of candidates will be initiated, and the first big session of the season will be held.

Neighboring lodges will be represented, including Fort Wayne, Auburn, Garrett, Stroh, Lagrange, Goshen and Liggett, and the Red tribe will have full sway of the city and do things up in big style. A large aggregation is expected from Fort Wayne, the degree team of that lodge performing the work, and the probabilities are that a special car will be chartered on the T. & C. I. to convey the rulers to the T. & C. I. city.

Early in the evening the Red tribe is scheduled to arrive in the city, and one of the features of the event will be the corn and venison feast which is the symbol of the degrees of the order. Although the Red Men are one of the youngest fraternal organizations in this city, it is rapidly coming to the front, and efforts are being made to greatly increase the membership, and a campaign to that end will be followed during the winter season.

BURNED IN EXPLOSION.

Bluffton Man Removed Plug From Naphtha Tank.

Bluffton, Ind., Oct. 26.—Nathaniel Shelley, employed as packer and shipping clerk at the Brown chandelier factory, had his face and neck very painfully burned yesterday afternoon by the explosion of a naphtha tank. The barrel was empty or nearly so and Mr. Shelley was preparing to ship it back to the refinery. He removed the stopper to make sure that it was entirely empty and when he did so the tank exploded with considerable violence. His head was directly in the path of the explosive force and his entire face was severely burned. His eyebrows and hair were singed and there were some nasty burns on his neck. He instinctively shut his eyes as the explosion took place and by great good fortune his sight is not injured. His face will be bandaged for some time and he will suffer considerable pain, but it is not thought that his face will be permanently marked. It is supposed that there was a very small amount of naphtha remaining in the drum and that the drum became warm, vaporizing the fluid. When the stopper was removed a sudden mixture of the naphtha vapor and oxygen caused the explosion.

ANNUAL FLOWER SHOW.

Columbia City, Ind., Oct. 26.—The third annual flower show of the Columbia City schools was held today at the west ward building. Many beautiful chrysanthemums were exhibited by the school children and the building was crowded with visitors who were highly pleased with the show. The flowers on exhibition were all raised by the school children.

WELL KNOWN FARMER DIES.

Columbia City, Ind., Oct. 26.—George W. Egolf, a well known farmer of north of this city, died suddenly yesterday morning following a severe attack of neuritis of the heart. The deceased was a highly respected member of his community, a sincere church worker and true gentleman of the old school. He had lived in Whitley county practically his whole lifetime, the past 65 years. Surviving are a wife and seven grown children.

FOUR TICKETS NAMED.

Redkey, Ind., Oct. 26.—Voters of this place on Tuesday, Nov. 7, will be called upon to decide from a list of four tickets their choice for town officials for the coming two years. For the first time citizens of Redkey have nominated four tickets—democratic, republican, socialist and citizens. This is the first time that a socialist ticket was ever nominated here. The outcome of the election is looked upon as very uncertain.

LODGE BALL A SUCCESS.

Auburn, Ind., Oct. 26.—The formal ball given Tuesday evening by the local chapter of Eastern Stars at the Old Armory hall was a success in every way. The floor was crowded and the dancing continued until a late hour. Music was furnished by the Wilcox orchestra.

PAYNE NEWS.

Payne, O., Oct. 26.—J. A. Wopland was a business visitor in Fort Wayne Wednesday.

Nathan Frost was a Sunday visitor at Fort Wayne.

A pretty home wedding which will interest their many friends occurred Sunday evening at the home of Mr. and Mrs. Fred Paul when their daughter, Eva, became the wife of Hartford L. Hayzlett. Rev. Kopanko read the marriage ceremony, after which an elegant supper was served to the near relatives. After a short visit at Springfield, O., they will go to homekeeping in the J. Y. Stinell house on South Main street.

Miss Hanna Kilpatrick was in Fort Wayne on business Monday.

Henry Reger came down from Fort Wayne Monday and accepted a position in John Marquardt's store at Westville.

Mrs. Susie Boyer went to Garrett for a week's visit.

Miss Anna Sullivan is in Fort Wayne on business today.

Mrs. I. C. Kirschner and daughter, of Monroeville, returned home today after a short visit with her parents, Mr. and Mrs. J. L. McClure. She was accompanied home by her sister, Miss Mina McClure.

The "Friars" are making arrangements for an opening dance to be given Halloween night. As the boys are royal entertainers this no doubt will be one of the charming events of the season.

The little daughter of Mr. and Mrs. Manchester, of Cleveland, died at the home of his grandparents, Mr. and Mrs. Ed Daniels, Monday evening. The funeral was held today at the residence; interment at the Winslow cemetery.

The Payne Canning company has just closed a very successful season. Although this factory only runs a few weeks it is of great benefit to the town.

W. E. Lyons has begun the foundation for a new bungalow on West Marion street on the lot recently purchased of Joe Miller.

Don C. Gorrell went to Fort Wayne today.

H. T. Lamb and W. P. Lamb were Sunday evening guests at Fort Wayne.

BIG PLANT ASSURED.

Decatur, Ind., Oct. 26.—At last the great sugar beet plant is assured for this city and the enterprising citizens are highly elated over the result of their work. The Holland-St. Louis Sugar company will begin the erection of a plant in this city within a few months, and the farmers who signed contracts will plant their fields with sugar beets in the spring. The committee made the final decision yesterday and last night a telegram was received from the St. Louis promoters congratulating the city upon its achievement.

GIVES LIBRARY TO BOARD.

Kendallville, Ind., Oct. 26.—The members of the Civic club, in special session at the council chamber Tuesday afternoon at 4:30 o'clock, formally turned over the Kendallville public library to the regularly constituted board. The meeting was well attended and among other things reports of committees were heard, including a report of the committee in charge of the work of beautifying the depot park.

ON TRIAL FOR MURDER.

Mrs. Z. R. McRee is now on trial at Opelousa, La., charged with the murder of Allen Garland, a cousin of Representative H. Garland Dupree, of Louisiana. Mrs. McRee's defense will be that she killed Garland for an alibi.

MAP SHOWING PROVINCES HELD BY REBELLIOUS CHINESE.

As may be seen by a reference to the above map, the occupation by the rebels of more provinces to the east would entirely cut off the northern part of the Empire from the southern provinces.

GARRETT NEWS.

Garrett, Ind., Oct. 26.—Miss Leora Mager and Miss Gertrude Crow entertained a crowd of young people at a hard time masquerade at the former's home on Cove street, in honor of Florence Stang, who left today for her home in Sandusky, Ohio. Among those present were the Misses Shrock, Frances and Margaret Heinlen, Loreto Manion, Ada Barrett, Ella McHugh, Eda McCully and Messrs. Kennedy, Billie Williams, Ves McKennan, Richard Heinlen, Arthur Houser, Chas. and John Mager and Sam Burton, of Fort Wayne.

Mrs. W. W. Tuttle is spending a few days in Chicago.

Mrs. Darwood Egan went to Sturgis, Mich., today for a week's visit with her sister, Mrs. Rhodamel.

Loretto Manion was an Auburn visitor today.

Miss Grace Gentry returned today from a few days' visit with relatives in Chicago.

Mrs. Worth Hughes, who has been ill at her home on North Main street, will be taken to the hospital tomorrow, where it is expected an operation will have to be performed.

George Slagle was a Kendallville visitor last night.

Miss Gertrude Manion, who has been a patient at the Sacred Heart hospital for the past ten days, was removed to her home today.

Mr. and Mrs. Henry Nies are the happy parents of a baby girl, born yesterday.

Mr. and Mrs. Detrick left today for Peru, Ind., where they expect to make their future home.

Miss Florence Stang returned to her home in Sandusky, O., after a month's visit with Lucille Shrock and Francis Heinlen. She was accompanied as far as Chicago Junction by Ves McKennan.

Mrs. C. M. Hinger is spending a few days with friends in Chicago.

Mrs. Hobe Wright went to Tiffin, O., today for a week's visit with relatives.

Mr. and Mrs. A. Smith are visiting the former's parents at Tiffin, Ohio.

Mrs. Wm. Tarney and son, of Peru, are visiting Garrett friends here.

The funeral of Calvin Hathaway occurred this afternoon at 2 p. m. at the Methodist Episcopal church. Mr. Hathaway had been living in Lawrenceburg, Tenn., and took sick with typhoid fever, and after a week's illness died. The body was brought here yesterday.

ANOTHER MAD DOG.

Columbia City, Ind., Oct. 26.—Samuel Smith, who lives near the Compton church, southeast of the city became alarmed Tuesday evening about the action of his dog, and called Dr. J. W. Clark the veterinarian, who decided the canine showed some symptoms of hydrophobia. The doctor on advice of Dr. Smith chloroformed the dog, and Wednesday afternoon the owner brought the head to the city and expressed it to Indianapolis for examination by the state health department.

PASTOR INSTALLED.

Auburn, Ind., Oct. 26.—One of the notable events in the church life of our city was the installation of Rev. Robert I. Platter as pastor of the Presbyterian church. In the three months that Mr. Platter has been in Auburn he has won a host of friends, consequently this formal covenant as pastor and people was looked upon both by the membership of the church and also by the people at large as an event that promises much in the welfare of the community.

LITTLE GIRL MEETS DEATH.

Hartford City, Ind., Oct. 26.—When a large pole, on which she was swinging, rolled from the posts by which it was supported and fell upon her chest, little Maxine Leard, 4 years old, daughter of Thomas Leard, a wealthy farmer living south of Eaton, was instantly killed Tuesday. The child's body was found by her mother, who is prostrated with grief.

Don't Experiment

You Will Make No Mistake if You Follow This Fort Wayne Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are common symptoms of kidney trouble, and you should seek a remedy which is recommended for the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Fort Wayne. Follow the advice of a Fort Wayne citizen.

Mrs. Anthony Elbert, 1236 Summit ave., Fort Wayne, Ind., says: "My back was weak and painful and as another member of my family had used Doan's Kidney Pills with benefit, when suffering from kidney trouble, I procured this remedy from Meyer Bros. Co.'s drug store. Its use dispensed of my trouble and proved of benefit in every way. I do not think Doan's Kidney Pills have an equal in curing kidney complaint." (Statement given in April, 1906.)

CONFIRMED PROOF.

On July 1, 1910, Mrs. Elbert added to the above: "I still recommend Doan's Kidney Pills at every opportunity. This remedy should be used in every case of kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and make no other.

MONROEVILLE NEWS.

Monroeville, Ind., Oct. 26.—August Miller has purchased the property occupied by Chas. Krick who will move into the Jerome residence, on the north side.

Mrs. Albert Jones and children, of Fort Wayne, are visiting at the home of Mr. and Mrs. T. S. Jones.

A. B. Mull, of Fort Wayne, and J. B. Nieman, of Chicago, were guests of Mr. and Mrs. N. Mull Sunday.

The public school was dismissed Wednesday while some changes were being made in regard to the seating of the pupils in the different rooms.

Mr. and Mrs. G. E. Spake and Miss Louise and Dr. and Mrs. Mentzer were in Fort Wayne Wednesday.

This morning at St. Rose Catholic church occurred the marriage of H. M. Ankney and Mrs. Manie Crowl. The groom is foreman on the Ohio Electric here and the bride is the daughter of Mrs. Joshua Magner. They will reside in Monroeville.

Leroy Walters, of Churubusco, was the guest of Dr. and Mrs. L. H. Edwards Wednesday evening.

EXPIRES AT FACTORY.

Huntington, Ind., Oct. 26.—John P. Uffell, an action regulator at the Schaff piano factory since the location of the factory in Huntington about ten years ago, died suddenly at the factory a few minutes before 12 o'clock Wednesday.

Uffell had been regular in his work and in good health, excepting a bad cold which had annoyed him earlier in the morning. For this he was taking a form of cold tablet, which it is supposed, must have had an ill effect on his heart.

F.; Wayne Commandery, Benevolent Legion; Knights and Ladies of Honor; Ben Hur Court, No. 96; Paul and Rescue Homesteads, Brotherhood of American Yeomen; Order of Elks; American Yeomen.

HOW LONG DOES A DOLLAR BILL LAST?

Some one once started a crusade against tainted money. Reference was had to the moral quality of the way in which it was acquired. But this did not seem to take hold very well. The moral significance was lost, but the crusade and the phrase itself were transferred to the physical condition of actual currency. It then made a big hit. The possession of new, clean bills became a fad for those who were able to possess them at all. Morals, it appeared, might be overlooked, but the requirements of sanitation and aesthetics never.

Uncle Sam, willing to comply with the latter demands, announced that all bills torn, ragged, germ-laden and grim-covered would be redeemed whenever requested and replaced with fresh, taint-free ones. So many persons applied to get in on the deal of new money for old that the congressional appropriations for currency redemption have been exceeded, and Lee McClung, treasurer of the United States and J. E. Ralph, director of the bureau of printing and engraving, are touring the sub-treasuries of the country to see if some policy of retrenchment can not be effected in their redemption departments.

This brings up the question of how long will a dollar bill last. It, of course, lasts, we might say, only a fleeting moment for each individual. But what is the total span of its existence as it passes from hand to hand, tainted or untainted? According to Mr. McClung, one year rounds out the life of a dollar bill. At the expiration of that time the fibered similitude resembles a patch on the vestments of a last year's scarecrow, and its taint has become as pronounced as that of a carload of condemned cabbage. But for all that Mr. McClung thinks that it ought to at least be allowed to live its allotted time. He cites an instance at Boston where a note only three weeks old was presented for redemption. He also points out that as New Englanders like their beans thoroughly baked, so they liked their money chemically pure. The demand for new currency is greater from New England than any other section.

It thus appears that money can shed a physical taint easier than it can a moral taint, if such there be that attaches to it.

GERMANY AND NAVAL REDUCTION.

The Washington Herald says there seems no reason to doubt the truth of the news cabled from Berlin that the German Government "for some months past has been carrying on negotiations with the British Cabinet looking towards a plan to check the growth of navies."

It is time all of the great powers were thinking seriously of a reduction in the annual expenditures for navies. It may be surprising to some to know that Germany has apparently come to the conclusion that it is economy as well as humane to check the draught on the people for navies which are built one year and thrown out of commission the next without being used. It is not long now before the election of a new Reichstag is at hand. It may be that the temper of the people has been anticipated and the authorities are preparing a soft place to fall in case the big navy cry before the people loses its old-time popularity.

Plainly the federal department of justice has no intention of answering Mr. Morgan's recent pertinent inquiry regarding the proper procedure in attempting to "unscramble" eggs. Trusts must go into court. This is the position of the administration as it is being interpreted by Attorney General Wickersham. If a corporation has deep down in its heart a suspicion that it is a trust under the Sherman law as expounded by the supreme court of the United States, it must

make public acknowledgment of the fact to get on the list of "good trusts" in the department of justice. There can be no private entry into the administration confessionals. The attorney general has declined to assist trusts to work out plans for re-organization which will bring them into the same classification as the reorganized Standard Oil and American Tobacco companies. It is the position of the attorney general that, the law having been construed by the highest court, trusts must to obtain immunity go into the federal courts and obtain decrees as evidence of good faith. He declines to take general responsibility as to the point at which a trust has brought itself within the law.

After the nature sign weather prophets have by a large majority framed up an unusually severe winter a Connecticut weather sharp of alleged expert rank produces a whole stack of indications that it is going to be decidedly mild. Which, combined with the foregoing, gives us reasonable assurance that we shall have all kinds of weather, as is almost invariably the case.

John J. Hopper, who at the last election was the independence league candidate for governor of New York, is out in a spirited statement that he will not follow the lead of Mr. Hearst back into democratic fold. Mr. Hopper proposes to stick to the league, though everybody else desert it. He is evidently rehearsing a role that will relegate the performance of the revered young man who remained on the burning log back into the piker category.

Canadian dispatches say that it is highly improbable that, for the present at least, the Borden government will continue the negotiations advanced by its predecessors looking to the establishment of a commission exercising supervision over through railway traffic between the United States and Canada. The Canadian railways oppose it.

There is still hope for Terre Haute. Citizens there are preparing to hold indignation meetings because the board of public works rejected bids upon thirty-three out of thirty-four new sewers projected in that city.

In the light of the daily reports of progress made by the revolutionists of China it would seem mere exercise of reasonable judgment for the Manchu family to begin preparations to move out before the real trouble begins.

WOMAN'S ACTIVITY.

(Woman's World.)

The month of September was enrolled at the Wisconsin state university, among the co-eds, the oldest regularly enrolled woman student in the world, Mrs. Amy D. Winslow, of Racine, who is nearing her eighty-second birthday. She has taken a part of her late university course at the Ohio state institution and is now finishing up in her native state. Mrs. Winslow, from appearances, would never be judged to have passed the four-score mark. Her reminiscences of the civil war and of Abraham Lincoln, who was a warm, personal friend, are more than interesting, and friends are endeavoring to prevail upon her to write for publication. Thus far, however, her college life has kept her busy. She has an interest in and will take up that course at Madison. She has an independent fortune left her by her manufacturer-husband, who died in Racine many years ago.

At Elmhurst, Scotland, the first woman lawyer of that city has just opened an office and is starting on her efforts to establish a practice. Her name is Miss Ida G. Richmond, M. A. LL. B.

A prominent club woman of New York, Mrs. Philip Carpenter, is a director of the woman's bar association. She became interested in the legal profession through her husband's work. She has just recently won a case before the court of appeals in New York and has the distinction of being the first woman who has done so.

Miss Blanche Azoulay has just taken the lawyer's oath before the court of appeals of Algeria. She is the first woman to have been admitted there.

For the first time in the history of Oregon a woman has been appointed to represent the state, Miss Sarah Crahan, of Toledo, Ohio, received the appointment as attorney for the state land board.

Mrs. Florence Kelley, formerly factory inspector in Illinois, took up the study of law to see how she could better the conditions of young girls who were working at unhealthy work and for ten and eleven hours each day. The particular incident was the gilding of frames, furniture and bric-a-brac by a room full of small girls, who were in a stupid state from the effect of the poisonous nature of the gilding materials. Her appeals to the district attorney were unavailing, and his intimation that she knew nothing whatever of the legal side of the question so disgusted her that she immediately started to study law. She is practicing in New York and her work is always "for the benefit" of the children. Her most famous case was that against the Delancey street elevated railroad. She won her case, the elevated was not built, and the children of the east side still have left to them a portion of New York's light and air.

JUSTICE ABOVE PROCEDURE.

(New York World.)

Among the constitutional amendments adopted last week in California is one providing that a just verdict shall not be set aside because of technical error in procedure.

Popular sentiment in California was strongly influenced by the case of Schmitz, the hooded mayor of San Francisco. He was convicted of extortion and sentenced to jail, but escaped punishment because the indictment did not set forth that he was mayor of San Francisco when he committed the crime. Of course, everybody knew that Schmitz was mayor. The fact appeared throughout the evidence. Nevertheless, the amendment is what Mr. Tift has so often urged—to preserve the real ends of justice by striking at the law's delays and to make the administration of the criminal law at once effective and expeditious. The abuses that have grown out of undue regard for technical errors of procedure in this state no less than in California have done much to undermine respect for both the courts and the law.

Men Who Helped to Make America

Peyton Randolph.

PEYTON RANDOLPH, first President of Congress and one of the dominant figures in our early national life, was born in Williamsburg, Va., in 1721, and died in Philadelphia, October 22, 1776.

He was the son of Sir John Randolph and the grandson of Colonel William Randolph, who had come to Virginia from England in 1674.

William and Mary College was young Randolph's alma mater. After his studies there he went to England and read law at the Inner Temple. Upon his return to Virginia he became a member of the House of Burgesses, and King's Attorney for the province in 1748.

His work for the colonies included a protest against the proposed Stamp act and support were enlisted on the side of in 1764. From this time on his influence

PEYTON RANDOLPH

Here his sterling character, his keen judgment and his great legal attainments made him an invaluable ally. He was a warm friend of Washington, and so potent was his influence that Jefferson in his early youth modeled himself after the pattern of Peyton Randolph.

In the critical days immediately preceding the Revolution he was especially active. When Lord Dunmore removed the powder from the magazine at Williamsburg to an English vessel on April 20, 1776, it was Randolph who calmed the wrath of the people, prevented a riot and exacted payment.

Political duties like these had called him from Philadelphia, where he had been elected President of the Second Continental Congress, as he had been of the First. He was succeeded by John Hancock, of Massachusetts. His sudden death by apoplexy ended Randolph's brilliant career at the height of his power.

We Milk 30,000 Cows Per Day

Dear Madam—

Think what that means—30,000 cows for folks who want Van Camp's Milk. This city is filled with its users.

We have dairies in seven states—each in the heart of a great dairying section. They are stacked with Holstein cows. There is no finer milk in all the world than comes from these model dairies.

And it is germless milk—utterly sterile. Children can drink it without thought of infection.

Waterless Milk

Close to each dairy the milk, fresh from the cows, is put into a copper vacuum. There we evaporate two-thirds of the water. And, because of the vacuum, this is done without scalding.

That is all we do before the milk is sealed. Nothing whatever is added. The milk is pasteurized after the can is sealed.

Put back the water and the milk is the same as it came from the cow, save for the sterilization by heat.

Thick as Cream

The milk comes to you 28 per cent solids, 8 per cent butter fat. It is, so thick and rich that folks always dilute it, even for cereals and coffee.

In cooking, it gives to milk dishes twice the richness and flavor of the average milkman's milk. That's because milkman's milk separates. When it gets to the cooking it is rarely more than a half-milk. And Van Camp's is the whole-milk. You'll be amazed at the difference.

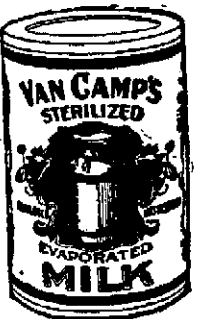

No Waste—No Waiting

You can buy, if you wish, a month's supply at a time. Then you have milk and cream of the highest grade ready all the time. And none is left over—none goes to waste. An opened can will keep till you use it up.

Yet, with all these advantages, Van Camp's Milk costs less than the milkman's. We save you the cost of the daily delivery. And we save you all the waste. In the average home the use of Van Camp's cuts milk bills right in two.

It is nothing but habit—the milk wagon habit—which keeps anyone from using this milk. If you once learn its economy, its convenience, richness and purity you will never use other milk.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. That's with two-thirds the water evaporated. Your grocer gets it direct from our nearest dairy.

Van Camp's Milk

IN THE CITY'S CHURCHES

GREAT CHANGES MADE IN CHINA

Dr. Beauchamp in Address Spoke of Missionary Work in China.

BETTER CONDITIONS

The address of Rev. Montague Beauchamp, of the China-Inland mission, at the midweek services at the First Presbyterian church Wednesday evening was a most interesting one, giving, as he did, a narration of the progress of missionary work in mid-China and speaking of the problems that confronted that great empire.

Dr. Beauchamp is connected with the China-Inland mission, which was founded by Dr. Taylor, who entered the Chinese field twenty-seven years ago without a dollar of resources. He depended entirely upon results of prayer, and has built up a mission, as Dr. Beauchamp reported, which now covers a large part of central China. The progress made by China-Inland mission is a distinct triumph for the power of prayer in the minds of those who study foreign mission work.

The speaker pointed out the difference between the treatment given missionaries when he first went to China and that now accorded. He said when he first entered the Chinese fields all the missionaries in that group of devoted Christian workers were constantly compelled to move on, just as if they were so many human beings of a tramp variety in a big city of this country. They were sometimes treated with violence, but generally were forced to move from one place to another, being denied habitation. He said he had walked thousands of miles over the central part of China, and he did not regret the experience.

Since the Boxer troubles in 1900, he said a great change had come over China. Where before they were rebuffed and forced to move, now, and immediately after the Boxer troubles, they were not permitted to leave the community. The Boxer trouble seemed to have worked a great change in the heart of the Chinese.

nese, teaching them for the first time that China was not the middle kingdom, as they had understood, and that their neighbors were not all barbarians, as they had fondly believed, but that now they had learned that there was a great world outside of that, from which they could learn the ways of civilization and the ways of a true religion.

Dr. Beauchamp was heard with pleasure by all who were present. After his address at the First church, he was taken in an automobile to the Trinity Episcopal church, where he addressed the Brotherhood of St. Andrew. A large number of books on missions in China were bought by those who were present last night. Dr. Beauchamp will remain in the city for a few days.

"FATHERHOOD OF GOD."

Address by Dr. Shepard at Methodist Theological Institute.

The second of the public evening addresses at the sessions of the theological institute of the North Indiana M. E. conference, meeting here this week at the First M. E. church, was delivered Wednesday evening by Rev. W. O. Shepard, D. D., of Chicago, his theme being "The Fatherhood of God." Dr. Shepard is a great platform orator and his address was a most able one.

He began by saying that Jesus, in the Lord's prayer, had emphasized the principle of the Fatherhood of God. "Our Father, who art in heaven," "God is our Father; we are all of one family, and brethren." "God will care for us. He loves us." "God will be with us through home, a home that will be ours throughout eternity if we are faithful."

Dr. Shepard is the district superintendent of the Chicago Northern district of Illinois and his home is in Chicago. He is one of the ablest men of the Methodist denomination.

METHODIST MINISTERS.

Many Visiting Pastors Attend Rescue Mission Meetings.

The evening meetings at the Fort Wayne Rescue Home and Mission, on East Columbia street, have been especially interesting this week because of the attendance at them of many of the Methodist ministers who are in the city on account of the sessions of the Methodist theological institute being held at the First M. E. church. They talk and they pray and they sing. Their singing, Supt. Cooper says, is especially inspiring. Mr. Cooper, in speaking of this feature, said:

"This evening many of these Methodist ministers will attend the meeting and conduct the song service. Those who have never heard twenty or thirty Methodist preachers sing at one time will miss a large treat by absenting themselves from the meeting. Evangelist Fleming is still with us and will remain over Sunday."

MEN'S SOCIETY FORMED.

Organization Among Men of Trinity Episcopal Church.

The meeting held Thursday evening by the men of the Trinity Episcopal church for the organization of a men's society was largely attended. The officers elected are as follows:

President—W. A. Campbell. Secretary—Harry Love. Executive Committee—E. D. Gaston, Charles Duddy, J. J. Mueller, Will Geake, H. J. Grosvenor, J. W. Autenrieth and W. R. Kilgore.

The society is for the purpose of promoting the interest of the church and parish, especially with the men of the parish.

"REBECCA" NEXT SUNDAY.

Sacred Cantata by Double Quartet at First Presbyterian Church.

Next Sunday evening the first of the special musical treats of the winter will be given at the First Presbyterian church by a double quartet.

"Rebecca," a sacred cantata by Barnby, has been selected as a work which most strongly appeals to the majority of people. The music is light and tuneful and the story interesting and dramatic.

It is interesting to note that the singers who will assist the regular quartet in this work are the identical members of the First church quartet of five years ago.

WILL GO TO MILWAUKEE.

Mrs. C. S. Ridenour Attends National W. C. T. U. Convention.

Mrs. C. S. Ridenour, the president of the county W. C. T. U., will leave tomorrow for Milwaukee, Wis., to attend the sessions of a delegate of the national convention of the Women's Christian Temperance Union. She goes as the representative of 500 members of the association in this district. Indiana sends twenty-three delegates to the convention.

Will Speak at Culver.

Rev. C. Claud Travis, the pastor of the Wayne Street M. E. church, will be at Culver, Ind., next Sunday morning, preaching the sermon there at that time to the students in the military academy, which he does annually. He returns for the service at his own church in the evening. Dr. J. A. Beatty will occupy his pulpit in the morning.

New Member Every Day.

The membership campaign at the Wayne Street M. E. church this month is moving along finely. For October one new member has been secured each day. In fact it has passed that figure. The close of the month will see over thirty-one new members added to the church rolls for October.

Standard Bearers.

The Standard Bearer of the Trinity M. E. church will meet this evening at the home of the Misses Anna and Nellie Cartwright, 1304 St. Mary's avenue.

Will Lecture Tonight.

Rev. Dr. S. P. Dong, of Mansfield, O., an able platform speaker, will lecture tonight on the theme, "God's Gold," at

THE young man who is dressed correctly bids for influence and the respect of others, and he GETS it

Suits \$15 to \$40

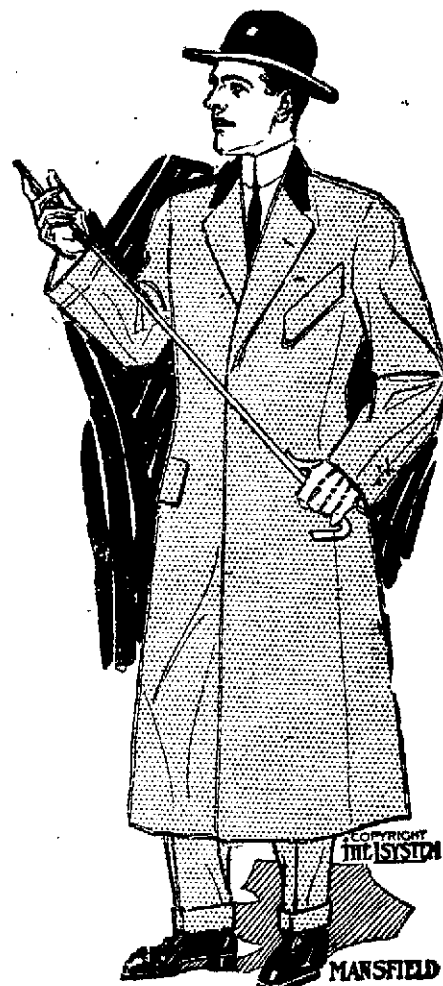

And when he possesses those assets he is successful. In showing that he is particular about this important matter, he also shows that he will be particular about others. In selecting our showing for Fall and Winter Garments this year, we have gathered together brands from the world's most famous makers.

Principal among these are THE L SYSTEM CLOTHES—conspicuous for their exclusive fashion, fabric and superb tailoring.

THE L SYSTEM CLOTHES

are based upon an exclusive idea to fit a man's character. There is "something" about these renowned garments that make them harmonize with a man's personality—that give him an individuality—set him aside favorably from other young fellows. It's in the careful hand tailoring, the superb fit, the drapery and the fashion.

We will be glad to show you the many new models for this season—show you what the difference THE L SYSTEM CLOTHES make in a young fellow, and what a saving this store makes for your purse.

The Patterson-Fletcher Company

SAYS WORK IS SWEEPING LAND

Rood Pleased at Showing in Men and Religion Forward Movement.

SCOPE OF CAMPAIGN

of the kind since the crusades of the middle ages with the single exception of the reformation.

Preparations for this continent-wide campaign have been under way since May, 1910, when there was created a national committee of ninety-seven, consisting of representative business men of all the Protestant communions from every section of the land. Under their encouragement a local committee of one hundred men was formed in each of seventy-six cities, and those local committees are looking out for nearly one thousand seven hundred auxiliary towns and villages.

Object is Two-Fold.

The object of the movement is two-fold: To arouse the religious spirit among men and boys in the hope that they will bring it into their practical life, and as Mr. Rood expresses it, "to release Christianity from cold storage, putting it to work in the community for the betterment of conditions surrounding men and women and children."

"For hundreds of years an effort has been made with very moderate success," said Mr. Rood, to capture men in some way and bring them into the church: The men and religion forward movement is now taking the church to the men, wherever the man can be found. In addition to sane, logical, evangelical work, wherein there is no note of excitement or emotionalism, special efforts are being made to help parents guide and protect their boys during the critical years of adolescence, teaching these developing lads how to build up strong bodies and clean minds.

New York, Oct. 26.—"We are succeeding in getting Christianity out of cold storage; the men and religion forward movement is sweeping the country. Results so far have been highly satisfactory."

This is the gist of a statement made here today by Henry Rood, publicity secretary of the men and religion forward movement, which was recently launched in Minneapolis, South Bend, Ind., Grand Rapids and Detroit, and which will be carried through seventy-six cities in this country and Canada between now and next May.

According to Mr. Rood, who has just returned from the west, there are interested in the movement, he nearly as can be estimated, between five and six million men and boys, a larger number than ever took part in any other effort

of the kind since the crusades of the middle ages with the single exception of the reformation.

Preparations for this continent-wide campaign have been under way since May, 1910, when there was created a national committee of ninety-seven, consisting of representative business men of all the Protestant communions from every section of the land. Under their encouragement a local committee of one hundred men was formed in each of seventy-six cities, and those local committees are looking out for nearly one thousand seven hundred auxiliary towns and villages.

Object is Two-Fold.

The object of the movement is two-fold: To arouse the religious spirit among men and boys in the hope that they will bring it into their practical life, and as Mr. Rood expresses it, "to release Christianity from cold storage, putting it to work in the community for the betterment of conditions surrounding men and women and children."

"For hundreds of years an effort has been made with very moderate success," said Mr. Rood, to capture men in some way and bring them into the church: The men and religion forward movement is now taking the church to the men, wherever the man can be found. In addition to sane, logical, evangelical work, wherein there is no note of excitement or emotionalism, special efforts are being made to help parents guide and protect their boys during the critical years of adolescence, teaching these developing lads how to build up strong bodies and clean minds.

how to nerve themselves and keep control of themselves.

"We are also working hand in hand with organizations to abolish child labor, to remove fire traps, to provide meeting places and workmen's clubs in buildings not connected with saloons and in every possible way to further the work of practical social service."

Leading Field Campaign.

"The campaign in the field is carried on by a battalion of thirty special leaders under the direction of Fred B. Smith, head of the religious work department of the international committee of the Y. M. C. A. The salaries, traveling expenses and hotel bills of these men naturally form a large item of expenses to which has been added heavy cost of printing necessary books, pamphlets and leaflets for distribution. To meet these expenses a fund was subscribed by a large number of men all over the country who are interested in religious work. No single subscription of more than \$5,000 has been accepted from any one man and the total sum actually obtained was so moderate that plans are now under way for raising additional money to see the campaign through."

The story that Mr. Morgan is financing the movement is simply nonsense. He is not now, and never has been, a member of any committee connected with the movement. I say this to correct the report that there is a huge campaign fund behind them overpaid and that because of this we do not need further subscriptions. Such reports are apt to prejudice a great many people among whom some of our best work is being done."

WILL HAVE CLUB ROOMS.

Local Bank Clerks Meet and Appoint Committee to Secure Quarters.

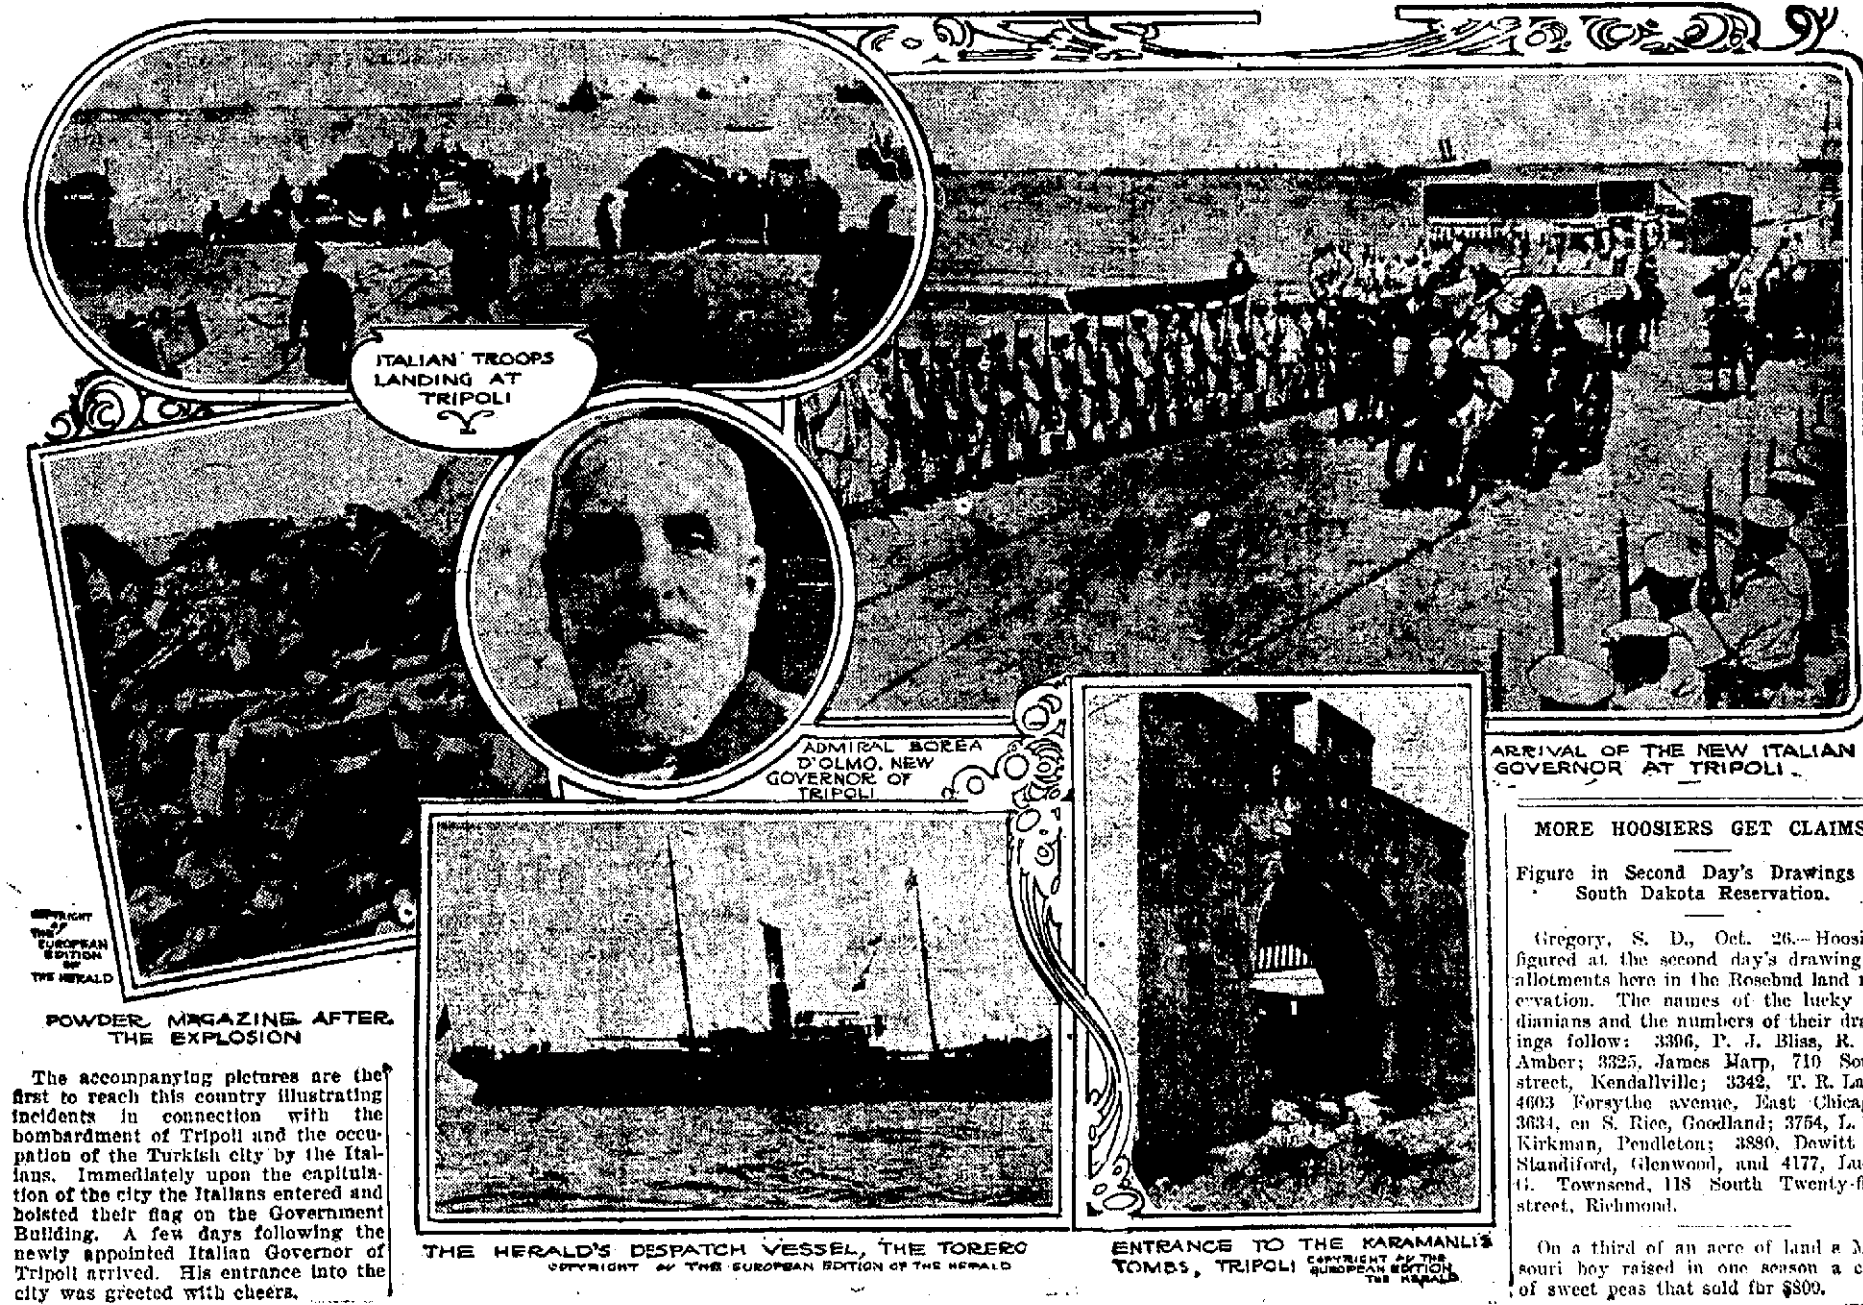

The local chapter of the American Institute of Banking held its first meeting Wednesday night at the Commercial club, and nearly all of the local banks were represented. Edward F. Schumann, the new president, presided at the meeting. Among other things to come up at the meeting was a proposal to secure a permanent meeting place, in which to install a financial library and to also be used as club rooms. The following committee was appointed to secure the club rooms: Stephen Morris, Ottmar Heine, Clinton Willson and Marion B. Johnson.

A special meeting of the chapter will be held Wednesday evening, November 8, and the report of the committee will then be received. Mr. Willson, who is the local delegate to the national convention at Rochester, will also submit his report.

COLLISION SHATTERS MIND.

South Bend, Ind., Oct. 26.—Daniel Smith, of this city, was run down and probably fatally injured yesterday when an auto truck and the motorcycle which he was riding collided. Smith is in a local hospital and although he recovered consciousness, is unable to relate anything in regard to the accident, having suffered a complete loss of memory.

Figure in Second Day's Drawings at South Dakota Reservation.

Gregory, S. D., Oct. 26.—Hoosiers figured at the second day's drawing of allotments here in the Rosebud land reservation. The names of the lucky Indians and the numbers of their drawings follow: 3396, P. J. Blise, R. 14, Amber; 3325, James Harp, 710 South street, Kendallville; 3342, T. R. Ladd, 4903 Forsythe avenue, East Chicago; 3034, C. S. Rice, Goodland; 3754, L. W. Kirkman, Pendleton; 3380, Dewitt C. Standford, Glenwood; and 4177, Lucile G. Townsend, 118 South Twenty-first street, Richmond.

On a third of an acre of land a Missouri boy raised in one season a crop of sweet peas that sold for \$800.

SOCIETY

Mrs. William Sherbondy, of College street, entertained about thirty-five ladies this afternoon with a game of five hundred that was followed by delicious refreshments served with effective and seasonably appointments of yellow and white chrysanthemums, small pumpkins lighted with candles. The affair gave great pleasure to the entire company. Mrs. Edward Sherbondy, of Peru, was the only out of town guest.

Mrs. J. W. White and Miss White went to Chicago today for a few days. Miss Katherine Waggoner returned yesterday from an absence of some weeks at eastern points.

Mrs. G. A. Robus has returned from a visit with relatives in New York and Philadelphia.

Mrs. W. T. Wilson, has returned to Logansport after short visits with Mrs. C. S. Knight and Mrs. Keller at the Country Club.

Miss Geneva Kimmel, principal of the Butler high school, accompanied by two other teachers of the Butler schools, Miss Carrie Ipe and Miss Vandenham, have returned home after a short visit here. Miss Kimmel was the guest of her cousin, Miss Irene Gilbert, of West DeWahl street, over the week-end.

A surprise party was given recently on Miss Esther Wefel, a coming bride, at her home in Masterson avenue. The

friends gathered for the evening presented Miss Wefel with a shower of gifts. Refreshments were served and the guests present at this pleasant time were Misses Helen, Florence and Emily Penningroth, Mabel Wefel, Carrie and Ella Kock, Mrs. Ella Wefel, Master Howard Wefel and Mrs. A. C. Penningroth.

Master Robert Wheatley, of Edgewater avenue, had a merry hallowe'en party yesterday which his mother, Mrs. C. O. Wheatley arranged. There were twenty-five of Robert's school friends present, and they enjoyed many games and topped them off with a fine supper. There were pumpkin lanterns, tiny black cats and other favors and festoons of black and yellow paper to make things pretty. A birthday cake had nine candles set in rosebud holders and proved as good to taste as it was pretty to see. Mrs. Wheatley was assisted by Mrs. Aranz and Miss Lillian Widing. The guests were Celia Porch, Evelyn Pfeiffer, Mildred Zimmerman, Whiskort, Lucile Summers, Madge Funk, Marjorie Kane, Elizabeth Kohl, Audrey and Phyllis Stickle, Leone Aikens, Virginia Goeke, Edward Sehele, Arthur Clark, Clifford Sterling, Ralph Ringwalt, Clifford Ruch, Donald Thompson, Willard Anderson, Kemper Whitaker, Frankie Current, Kenneth Wheatley.

Lonmont—Pio.

An unusually attractive appearing bride of today was Miss Miltime A. Pio, daughter of Mr. and Mrs. William J. Pio, whose wedding to Mr. Ernest A. Lonmont took place at 10 o'clock this morning in St. Louis Catholic church at Hecaton. Rev. Leuen officiated at the nuptial mass. The bride party made a beautiful appearance as they entered the church. Attending the bride were her sister, Mrs. W. L. Huguenard, of this city, as matron of honor; Miss Rose Lonmont, a sister of the bridegroom, and two children, Mildred Huguenard and Arnold Pio. The bridegroom had Mr. Huguenard for his best man and Mr. Clarence Lonmont as groomsmen. The bride music from "Lohengrin" announced the coming of the bride party. The bride was very lovely in her costume of white lace over satin, made with slight train and trimmed with pearl ornaments. The bride wore a veil gathered to a little cap and held with lilies of the valley. Her bouquet was a shower one of lilies of the valley and she entered the church with her father. The matron of honor was gowning in white, and the bridesmaid in yellow and white. The bride's hair was styled in a simple and made with train. The bride had a slight yoke of gold embroidered net with pearl garniture. Miss Lonmont was gowning in a white net hung over yellow messaline and both matron and bridesmaid carried yellow

A FORT WAYNE BRIDE AND GROOM OF WEDNESDAY.

MR. AND MRS. GLENN W. HOUSER.

chrysanthemum bouquets. The little flower maiden wore a pale yellow silk made with "angel" sleeves and low neck and her own golden curls fell over her shoulders. She carried a basket of rose petals which she scattered in front of the bride as she walked to the altar. Master Arnold Pio was dressed in a yellow velvet suit and he carried a yellow satin pillow on which lay the wedding ring. After the solemn nuptial service the bride party left the church to the strains of the Mendelssohn wedding march and were driven to the bride's home, where about seventy-five guests gathered to partake of the wedding breakfast. The same colors that were worn by members of the bride party, yellow and white, were used in decorating the house. The bride's table was done in yellow and white roses and the wedding cake was trimmed with roses and smilax. White and green were the only colors used in the dining-room and on the bride's table, but the yellow "mums and foliage in bright one. For the present the bride and groom will make their home with Mr. and Mrs. Pio, parents of the bride. Mr. Lonmont, a prosperous farmer and is a son of Alfonso Lonmont, of Jefferson township. The bride made her home in this city for two years with her sister, Mrs. Huguenard, of McCulloch street, and she has many warm friends who admire her for her many fine traits of character.

Houser—Klaflci.

Miss Amelia Klaflci, daughter of Mr. and Mrs. Charles Klaflci, of 1114 Ewing street, and Mr. Glenn W. Houser, a son of Mr. George Houser, of Warsaw, were married at 6 o'clock on Wednesday evening at the bride's home. The marriage service was performed by Rev. William Moll in the presence of relatives and close friends. Miss Ella from Jordan played the bridal music. "Lohengrin" as the bride party came down stairs and took their places in the parlor, where a group of palms and ferns had been arranged in front of the windows. The bride was attended by Miss Esther Orthlieb, a young girl who had the honor of carrying the ring in a basket of pink roses, and by Miss Frieda Rust, who was maid of honor. The bridegroom was attended by Mr. Edward Torgard. The bride looked very sweet and pretty in her wedding costume. Her gown was a white marquisette hung over silk and trimmed with lace and with a handsome white satin sash with ends of white silk fringe. Miss Rust wore a white lingerie gown with a large rosette of pink satin ribbon at the waist. The bride carried white chrysanthemums and the bridesmaid pink ones. The flower maid was dressed in a demure white frock and she wore pink ribbons in her hair. Pink and white carnations were the decoration of the parlor, hollyhocks and smilax hung in the arches of the rooms and the dining room was in white and pink chrysanthemums and smilax. There were about a hundred guests present who offered hearty congratulations and good wishes to the bride and groom, who are both highly regarded and well liked by all who know them. An elaborate supper was served. Mr. and Mrs. Charles Paul, of Lake George, were among the guests. The bride and groom will be at home for the present with the bride's parents. Mr. Houser is employed at the Fort Wayne Electric works.

Fox—Zangerle.

Miss Alma Louise Zangerle, daughter of Mrs. Joseph Zangerle, of 2642 Janes avenue, was married to Oscar A. Fox Wednesday morning at 11 o'clock in St. Alphonsus' Roman Catholic church. Rev. George Thomas read the service. The bride was attended by her sister, Miss Emma Zangerle, as maid of honor. Robert Fox served his brother as best man. The ushers were Harry Hogan, Gustav Fox and Charles Reuss. The bride's gown was of hand-embroidered white satin combined with rose point lace and crystal trimming. Her bouquet was a shower arrangement of lilies of the valley and orchids. The maid of honor wore a cream net gown over Helen pink chiffon and satin, and carried Killarney roses. A breakfast to the immediate families followed the church service. Mr. and Mrs. Fox will be at home after Jan. 1 in Fort Wayne.—Chicago Record-Herald.

Hoermann—Schnorr.

Miss Lulu Schnorr, a daughter of Mr. and Mrs. T. Schnorr, of 2011 Maumee avenue, and Mr. Walter F. Hoermann, son of Mr. and Mrs. Diedrich Hoermann, of 1218 Eliza street, were married by Rev. A. Lange, of Concordia Lutheran church, on October 22. Miss Amelia Hoermann, the bridegroom's sister, and Mr. Albert Schnorr were the attendants. The bride wore a very pretty gown of light blue chiffon and silk and held pink chrysanthemums. The bridesmaid was gowning in tan messaline with handsome beaded trimming and she held yellow "mums. The wedding supper was served at the home of

the bride's parents, and a number of relatives and friends were present to extend congratulations and enjoy the wedding feast. The bridegroom is a machinist in the Pennsylvania shops.

VanNess—Eby.

A pretty church wedding of Tuesday afternoon was that of Miss Laura E. Eby and Mr. Lawrence W. VanNess, which took place at half past 4 o'clock in the Wayne Street M. E. church, with Rev. C. Claud Travis officiating. There were a number of relatives present. The bride wore a blue traveling suit and the bride and groom left at once for an eastern trip during which they will visit in Buffalo, New York and Washington. On their return Mr. and Mrs. VanNess will go to housekeeping in their own home, a new residence in Eby avenue. Mr. VanNess is a brakeman on the Wabash railroad.

Bechtol—Deffenbaugh.

A quiet marriage at the parsonage of the Wayne Street M. E. church took place on Wednesday evening when Rev. C. C. Travis, pastor of the church, performed the ceremony for Miss Marie L. Deffenbaugh and Mr. Alda F. Bechtol, a clerk at the Nickel Plate. Mr. and Mrs. Bechtol will go to housekeeping in Wall street.

FRECKLED GIRLS

I have just received a stock of WILSON'S FRECKLE CREAM, product of Wilson's Freckle Cream Co., Charleston, S. C. It is FINE, is fragrant and harmless and positively removes freckles, tan and brown moth, bleaches dark faces light. Will not make hair grow. You have my guarantee that it will take off your freckles and tan or I will give you back your money. Come in, see and try it. THE JARS ARE LARGE and two at most are sufficient. I send them by mail, if desired, price 50c. Wilson's Fair Skin Soap, 25c. Sold by Dreier Drug Co.

CARE OF THE HAIR.

As the health and luxuriance of any plant depends on the fertility and richness of the soil from which it springs, so do the health, gloss and sheen of our hair depend on the state of the scalp. The care of the hair involves the care of the scalp, or rather is the care of the scalp; the care of the hair matters but little; for from a healthy scalp can only healthy and beautiful hair grow.

The luster of the hair depends on the amount of light that is reflected from each particular fiber; this, in turn, depends on whether it is covered with an excessively thin coating of oil or not. Unless this oil, or some artificial substitute for it, is spread over the whole length of the hair, we see that dull look which is so unsightly and which takes away all the beauty and brightness of an otherwise healthy head.

The hair should be brushed thoroughly every day so that the oil is distributed evenly and uniformly throughout the whole length; a second reason why it should be brushed is that in this way the dust is removed from the hair.

ARTISTIC SCARF.

An artistic scarf for a table or piano can very easily be made by having an oriental design stamped on Bulgarian linen. Outline the pattern with heavy black floss and fill in the centers with various rich colors, such as are seen in all handsome needlework that is made by the women of the far east.

Terra cotta, green and old blue, with tracings of gold and silver, are the colors most commonly used. Burnished copper, with insets of imitation precious stones, make the richest filler for the solid embroidery. In this work you can use all kinds of fancy stitches for the outline work—cat stitch, herringbone, darning, birdseye, satin stitch, wheat and the daisy loop. Finish the edge with heavy linen lace about four inches wide, in which you can run some of the shades that you have used in the embroidery. If the lace has circular center, in the design, sew a bright-colored, bead or glass nailhead in the center. For very little expense you can make a scarf that if bought would cost a great deal.

ATHLETIC SPORTS.

Nothing can take the place of athletic sports to develop strong, vigorous bodies in girls and young women. While formal gymnastics have both an educational and corrective value and lay the foundation for athletic sports, they cannot take the place of outdoor sports to develop organic vigor, physical and moral courage, self-reliance, judgment, self-control, decision and ethical training, a consideration for the rights of others, and a relaxation, particularly from mental work. Athletics are to youth what play is to children.

THE VENETIAN TWIST THE LATEST THING IN HAIRDRESSING.

Quite the smartest thing in recent fashionable hairdressing is an arrangement of three twists placed low across the back of the head. These twists differ from their immediate predecessors, the Dutch knots, in that they are a trinity rather than two knots wound around to entirely conceal the ears. To make them, the hair is divided into small strands and rolled rather tight. These rolls are wound around in perfect order to form the knot, one in the center of the back and one at each side. The success of the knot depends upon the exactness with which the rolls are coiled and the uniformity of their size. They masquerade under a number of names, the most familiar one being Venetian twists, supposedly derived from the original source of the style, said to have its beginning several centuries ago and to have been handed down through the medium of some famous paintings depicting the women of old Venice.

Banding the hair has become more popular than ever. Some unusual and striking effects are shown in these adornments beloved of the Greek beauties. Many girls given to the attractive, banding fashion build their hair into a soft Psyche knot, a style borrowed from the exquisite Grecian goddess who became entranced by the reflection of her own loveliness. One of the most effective bands is made of a foundation of velvet ribbon in a shade chosen with a view to bringing out the best tones of the hair. This velvet is embroidered in a design of sequins, dull gold or silver to correspond with the coloring of the wear. Sometimes they are entirely of gold, silver or dull metal, a strip of dress banding or passementerie being excellent for this purpose. Plain black velvet or velvet covered with a band of sequin trimming is good, and pearl trimming over

the delicate shaded velvets is pretty for evening wear. The bands are fastened with an ornament, a knot of flowers, a tassel or invisibly.

In selecting a hat, see that the hair is not entirely covered by the crown or brim. This is a mistake very general, indeed, in these days of hats that come down over the brow and threaten to engulf the ears. No face appears to advantage without at least a glimpse of its frame of hair. Very often the hair is a woman's most attractive feature, and to sacrifice it to a style for which another could be easily substituted is following fashion to folly. Pull the hair down so that little glimpses here and there pique the curiosity for a more generous sight of it, and if it is particularly beautiful, leave as much of it out as possible.

Up against it.

The staff humorist approached the editor with a lugubrious face and his resignation.

"Why, you are doing all right," said the editor. "What's the trouble?"

"Well, you see, sir," replied the staff humorist, "it's this way. I got married a few weeks ago, and now I'd print a joke about wives my wife thinks I mean her, and if I mention a mother-in-law her mother comes around and raises the roof. Then, too, one of my wife's brothers is a plumber, another an ice man and the third is a coal dealer. More than that, she has a half brother who is a book agent, and they are all big, husky fellows with ugly tempers. If you don't mind I'd like to retire from the humorous department and take a position as ordinary editor."—Boston Transcript.

Health and Beauty Queries

BY MRS. MAE MARTIN.

Mrs. M. D.: For short, thin hair there is nothing better to promote a healthy, vigorous growth than a good quinine tonic. But do not wait to buy prepared tonic that may have been made so long as to have lost its strength. Get from any drug store an ounce of quinine and a half pint alcohol mix together. Then add a half pint cold water. Massage this tonic into your scalp about twice a week. It will cause dandruff and scalp irritation to disappear as if by magic, and you will soon notice your hair getting longer, thicker and beautifully lustrous. This tonic is the best and a positive remedy for falling hair.

Miss R.: You will find the following lotion a splendid skin whitener and complexion beautifier: Dissolve four ounces of spermax in a half pint hot water, then add two teaspoonfuls glycerine. This not only takes the place of a face powder, but you will find it far better in every respect. It does not rub off or show like powder, and benefits the skin. Apply this lotion to the face, rubbing gently until dry. It will take away that shiny, muddy, rough look and leave your skin smooth and fresh looking. This inexpensive lotion is now used largely by women of refinement and is unequalled for removing freckles, tan and skin pimples.

M. M.: Do not use dry shampoo powder under any circumstances. Authorities on hair culture almost invariably condemn such mixtures, as they simply clog up the pores in the scalp and cause dandruff and other scalp troubles. When your hair needs washing, use for your shampoo a teaspoonful of cantrox dissolved in a cup of hot water. This makes a rich lather that cleanses perfectly and will leave your hair brighter, cleaner and fluffier than ever before. This shampoo rinses easily, dries quickly and positively will not make the hair sticky and brittle like soap does. If you will use this shampoo once, I am sure you will be so pleased that you will never care to try any other.

W. E. S.: To make your eyes clear, bright, and show the sparkle of health, dissolve an ounce of erysins in a pint of water and put a few drops in each eye twice daily. This soothing tonic is very strengthening to weak, tired, inflamed eyes and will make your eyes clear and

beautiful. For sore, granulated lids it is splendid and greatly helps those who wear glasses.

Mrs. D. J.: You need a good, strengthening tonic and liver regulator, to purify your blood and build up your health. Take before each meal a tablespoonful of the following: Dissolve a half cup sugar and one ounce karsene in a half pint alcohol, then add a half pint water. This home-made tonic will clear up a sallow, pimply complexion quickly, and as a liver regulator, it is simply amazing. It makes the best and most restful, and does wonders in restoring lost appetite, energy and general good health.

Veta S.: To clear your complexion and make it smooth, soft and satiny, use the following cream jelly: Mix together one ounce of almond oil, two teaspoonfuls glycerine and a half pint cold water. Stir and let stand a few hours before using. This greaseless complexion-jelly is the finest thing you can get for reducing those large pores below your eyes and clearing up your complexion. It removes all pore dirt, blackheads, freckles and skin pimples. It softens and as a matter of course, it takes out hollow cheeks and removes wrinkles readily.

Ella T.: Really, you have no just cause to worry on account of those serious hairs, because with a little delicate and water you can make a paste, which applied to the offensive hairs and left two or three minutes, then rubbed off, will remove every trace of hair. Get an ounce of delatone and use as I suggest, washing the skin after removing the delatone, and you will be delighted with results. Delatone costs a dollar an ounce, but is worth every cent, as it is unfailing.

Mae W.: I do not approve of dieting and exercising for fat reduction. The simplest and best way is to get four ounces of paraffin from any drug store and dissolve it in a pint and a half of hot water. Take a tablespoonful before each meal, and to your great satisfaction you will soon notice your fat disappearing. This harmless remedy will not leave your skin wrinkled and flabby, and has the endorsement of thousands who have tried it.

Boiled Currant Pudding.
Pick apart and put through the food

chopper one-quarter of a pound of beef suet. Mix with one-quarter of a teaspoonful of salt, one-quarter of a pound of cleaned currants and one-half of a pound of flour. Stir in just enough sweet milk to moisten to a stiff dough. Turn into a greased dish or mold with a tightly fitting lid, place on a trivet in a saucepan or kettle, pour boiling water round it, cover the kettle and keep the water at a continuous boil for two hours and a half.

Sauce for Pudding.

Mix together one tablespoonful of cornstarch, two tablespoonfuls of sugar and sufficient cold water to make a paste. Add this to one cupful and a half of boiling water in a saucepan, stir until thickened and clear, then add a pinch of salt and boil for five minutes. Have to one side, add one tablespoonful of butter cut into bits, stir until absorbed and strain into a bowl.

HOLDS WORLD'S TRAVEL RECORD

President Taft Has Covered 300,000 Miles Since 1900.

ALL OTHERS BEATEN

Washington, Oct. 26.—William Howard Taft, President of the United States and champion traveler of the universe, is now doing a little tour of twenty four states of the Union to add about 15,000 more miles to his record. It is a wonderful record for getting over ground, even in these days of the fast express trains and the giant ocean steamships that the President has established, and when he returns to Washington on November 1 he will have traveled since he entered the Government service in 1900 as a Philippine Commissioner 298,728 miles. This computation is based upon the simple steamship and railroad travel, and does not take into consideration the thousands of miles the President has journeyed by automobile in the side trips at the innumerable four corners of the world that he has visited.

Since he has been in the White House Mr. Taft to date has traveled 61,774 miles. To this will be added the exact mileage of the present swing around the circle that he is making, and which has been figured out to be at least 15,000 miles.

President Taft likes to travel. The clipping and jingling of car wheels and the thumping of ship propellers are music to his ears. Up to the present he has spent 835 nights in sleeping cars and 221 nights aboard steamships. The sleeping car record will be boosted slightly by Nov. 1.

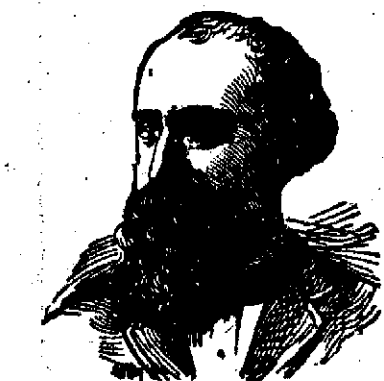

That he is proud of his travel record is made plain to anyone who reads the biography of the nation's Executive as published in the Congressional Directory, a biography which is prepared under the President's direction. In it he tells of his many dashes to Panama, to Cuba, to the Philippines and around the world. The local travel, little journeys around the United States, seem to be of little consequence from the President's point of view, for no mention is made of his frequent excursions, not even his trip that took him into thirty-nine States and Territories and over the bridge at El Paso to shake hands and say "Howdy" to the then President of Mexico, Porfirio Diaz.

The travel microbes stung William Howard Taft in 1900 when President McKinley selected him as one of the Philippine commissioners. Up to that time Mr. Taft was used to the court room, and on his maiden trip to the Orient he was affected by what has proven to be an incurable case of travel mania. Since that first trip, a little over ten years ago, he has travelled almost incessantly, and from the President's personal standpoint it has been most enjoyable, for all the trips and journeys and excursions up to two and a half years ago were made at Government expense. For since his first appointment as a Philippine Commissioner Mr. Taft has been continually on the payroll of Uncle Sam, excepting the short period between his nomination for the Presidency in 1908 and his installation as President on March 4, 1909.

Riggs Disease

(Pyorrhoes) If your teeth are loose and sensitive, and the gums are bleeding and bleeding, you have Riggs Disease, and are in danger of losing all your teeth. Use Call's Anti-Riggs and it will give quick relief and a complete cure. It is a pleasant and economical treatment, used and recommended by leading ministers, lawyers and theatrical people, who appreciate the need of perfect teeth. Get a 50c bottle of Call's Anti-Riggs from Woodworth Drug Co., or Meyer Bros. Drug Co., with their guarantee to refund the money if it fails to do all that is claimed for it. It is invaluable in relieving sore mouth due to plate pressure.

PILES CURED AT HOME

I Will Be at Randall Hotel, Fort Wayne, Saturday, Oct. 28th.

All persons, male or female, suffering from Piles, loss of Expelling Forces, Prolapsing, Fissures, Fistulas, Catarrh, Inflammation, Ulceration, Constipation, Bleeding, Blind or Itching Piles, are kindly requested to call and see me.

NO EXAMINATION NO OPERATION

Medicine placed direct to the diseased parts by yourself. I claim the most complete, successful, original and sensible method of curing these terrible afflictions ever offered to the public. By the use of my

POSITIVELY PAIN-LESS PILE CURE

All the above named rectal diseases can be cured as easily as if they were on the outside. Come and see me and learn something worth knowing. It may save you hundreds of dollars and years of suffering. If you can't call write for free trial.

Most kindly yours,

S. U. TARNEY
Sole Proprietor and Manufacturer,
AUBURN, INDIANA.

Since he has been President he has traveled also at the Government expense, for the President has allowed \$25,000 a year to cover his "getting around" expenses, an appropriation that came into being when the railroads cut off free transportation and Congress enacted an anti-pass law.

Since 1900 his annual travel record has been as follows:

1901—To the Philippines and back to Washington to testify in Congressional inquiry	24,750.
1902—To Rome and to the Philippines	23,145.
1903—Practically a year of rest, as travel was confined to the Philippines	8,000.
1904—Returned to become Secretary of War and took a trip to Panama	1,724.
1905—Visited the Philippines with a party of Congressmen, a trip that resulted in the marriage of Miss Alice Roosevelt and Representative Nicholas Longworth	33,650.
1906—Went to Cuba to straighten out the Cuban Republic	14,075.
1907—Journeyed to Panama and the Philippines	38,050.
1908—The year he was a Presidential candidate	47,270.
1909—The first year of his Presidency	21,290.
1910—The second year of his Presidency	21,290.
1911—His record up to Nov. 1 of this year will be	23,271.

On two of his Philippine trips President Taft "swung around the circle," that is, he came back the longest way, traveling through Siberia and Russia, looking in on Emperor William of Germany, peeping at the gay sights of Paris, and inhaling the fog of London before crossing the Atlantic to his starting point.

Because he eliminated his proposed visit to Tennessee and other Southern points in the jaunt the President is now entering on, there is rumor of violent opposition to a continuation of the practice of allowing \$25,000 a year for Presidential travel expenses.

In Tennessee, especially, President Taft was expected on the first leg of his present journey. He cancelled these dates and Representative Byrnes of the Chattanooga district feels that he has been rudely treated. Mr. Byrnes had made all kinds of arrangements for the President's reception in Chattanooga, Nashville and other points in the state, and was to have been the master of constituents feel that he isn't able to his region.

He has fallen down hard, and his constituents feel that he isn't able to "deliver" when it comes to a home above with the President of the United States as the chief attraction. Now Congressman Byrnes thinks there is a violation of the Constitution in allowing the President travel expenses, for that document declares that the President shall receive no emoluments excepting his salary. He is looking around for others who have been disappointed, and it is whispered that there is to be persistent objection to a continuance of the appropriation in the next session of Congress.

If Congress should be so rude as to remove the means it is a certainty that the remaining year and a half of the President's term of office will be spent mostly in Washington. To travel requires a lot of money, an amount which President Taft does not personally command.

LAST LAUGH IS BEST.

Louis Schroeder's Scheme Materializes—Laborers Go to Work.

Louis Schroeder, superintendent of the local free employment bureau, is in the best of humor today as the result of the final materialization of his great scheme that fell down so badly last week. Mr. Schroeder brought a carload of laborers to this city from Indianapolis last Wednesday to work for the traction company and various local contractors, and out of forty-seven only six seemed inclined to work.

Yesterday the forty-one who had been roaming the streets of Fort Wayne out of employment called singly and by twos and threes and asked Mr. Schroeder to be kind enough to give them work so that they could get enough money to pay their carfare home. The good-natured superintendent landed jobs for thirty-one of them yesterday and this morning, and as a result he has the joke on the other fellows.

WERE GIVEN BANQUET.

Traction and Financial Men in Visit to Fort Wayne.

Traction officials and capitalists representing vast financial interests who arrived in the city on a special car of the Ohio Electric railroad Wednesday afternoon were given a dinner at the Anthony hotel last evening by local financial and business friends.

The event was purely social, and Henry C. Paul presided as hosts. Others at the table included Randall Morgan, Clermont Newbold, Thomas J. Dolan, T. H. Dickson and M. S. Morgan, of Philadelphia; Dana Stevens and W. K. Schoepf, of Cincinnati; and Messrs. S. M. Foster, Charles McCulloch, C. A. Wilding, O. N. Heaton, H. R. Freeman, J. M. Barrett, S. B. Fleming, O. N. Gullind, James Haberley and H. J. Bowerland.

MIDNIGHT IN THE OZARKS.

And yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, lagrippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

OUTLOOK IS OPTIMISTIC.

Berlin, Oct. 26.—The German and French governments have communicated to the powers the first part of the Moroccan agreement having to do with the position of the French in Morocco, an optimistic statement regarding the negotiations over the second part concerning the compensation to be given Germany in French Congo.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to the hair. The tea made their hair soft and glossy and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

SALE IS CONSUMMATED.

Watkins and Sol Meyer Buy the Evansville Ball Franchise.

Indianapolis, Oct. 26.—W. H. Watkins and Sol Meyer, principal owners of the Indianapolis baseball club of the American association yesterday purchased the Evansville franchise of the Central league. President F. R. Carson, of the Central league, represented the directors. What disposal would be made of the franchise was not announced.

FOLEY'S KIDNEY REMEDY VS. A HOPELESS CASE.

Hon. Ark. J. E. Freeman says: "I had a severe case of kidney trouble and could not work and my case seemed hopeless. I used several well known kidney remedies, and had the services of a doctor, all of which gave me no relief. One large bottle of Foley's Kidney Remedy cured me and I have never been bothered since. I have also recommended it to my friends who all received the same good results." Dreier Drug Co.

BAILY STICKS TO IT.

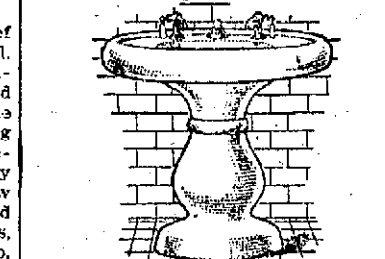

Washington, Oct. 26.—Emphatically denying reports that he had changed his mind about retiring to private life, Senator Joseph W. Bailey, of Texas, in an interview here, stated that his decision to leave the senate at the expiration of his present term in 1913, was irrevocable.

RESTORATIVE TREATMENT FOR NERVOUS MEN

Coming from a source of unquestioned authority on the ailments of men it is presumed to be infallible, while the profession generally endorse the ingredients and prescribe them in many different forms of various diseases. The following formula is highly efficient in quickly restoring in nervous exhaustion, melancholia, anxiety, timidity in venturing, dizziness, heart palpitation, trembling limbs, insomnia, thinness, cold extremities, tired-all-in feeling and general inability to do those natural and rational acts upon which depends a man's success and happiness in social and every-day life.

The instructions for mixing at home secretly so that no embarrassment may be felt, are as follows: First get three ounces of syrup sarsaparilla compound and one ounce compound fluid blamwort; mix and let stand two hours. Then add one ounce compound essence cardiol and one ounce tincture cadomene compound (not cardamom), and mix all together. The directions are to take one teaspoonful after each meal and one when retiring, until bounding health and full strength are restored. Even a few weeks will witness most wonderful results.

Astonishing nervous force and equilibrium follow the treatment, no matter how serious the case. This contains no opiates whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefits.

It is our aim not only to get new customers, but to hold them.

That is why we recommend "Standard" plumbing fixtures, and why we put the right workmanship into every job.

Changing water pipes for water meters promptly attended to.

ALDRICH THERE TO DISCUSS PLAN

Will Talk Proposed Financial System to Indiana Bankers.

MR. WORDEN'S VIEWS

Indianapolis, Ind., Oct. 26.—To discuss his plan for centralized banking organization before the Indiana Bankers' association, former United States Senator Nelson W. Aldrich, chairman of the national monetary commission, arrived in this city today. He will address the delegates to the bankers' convention and business men of the city at a meeting tonight.

"The most important subject before the American people today, not only to bankers, but the general public and common man as well, is that of banking and monetary reform," said Charles H. Worden, of Fort Wayne, president of the Indiana Bankers' association, in the course of his annual address yesterday.

"Need of Reform Legislation." "With a firm, well established financial basis, all other economic problems will be easily adjusted. The bankers of Indiana recognize the necessity of reform legislation and have expressed themselves through their group meetings with substantial unity in favor of the tentative plan recently submitted by Senator Aldrich. It is not an immature plan. We may not agree upon all the details of the plan, but we must admit that it is the result of earnest study of conditions and needs; the most critical investigation of the various systems in operation throughout the world and the most comprehensive, constructive legislation ever attempted in the history of our country."

Mr. Worden said the importance of the forthcoming report of the national monetary commission should be more widely known and better understood. "The money panics of 1873, 1884, 1893 and 1907, with frequent semi-panics at the commencement of the crop moving season," he said, "have left in their wake destruction and suffering and have been the more ruinous because they have inflicted severe and needless losses upon millions of our people. It is now generally conceded that all this suffering, destruction and losses are due entirely to our defective banking and monetary system. We turn to the other great world nations with their larger experience and sounder principles upon which their financial systems rest, and we find that they have not had a money panic in more than fifty years. If the matter be analyzed, it will be found that the bankers suffer less from our present defective system than any other kind of people."

For Adequate Reserves. One of the fundamentals of a financial system, he said, is a provision for trustworthy, adequate and systematic reserves, and we went into details to show that "our boasted 15 per cent. reserve is almost completely mythical, and in times of emergency, as in 1907, is as elusive as the will-o-the-wisp." There is no plan of cohesion among the large number of reserve centers, he said, "no system of co-operation between the units that make up our free and independent banking system; so that the reserves provided, by law in our defective monetary system are practically of little or no use in times of stress or storm when an adequate and trustworthy reserve is most needed."

"The result invariably is that every

Dr. Lyon's TOOTH POWDER

not only cleanses, preserves and beautifies the teeth without injury, but imparts purity and fragrance to the breath, removing instantly the odor of tobacco.

banker, when he sees signs of danger through the instinct of self-preservation begins to call in his reserve from his reserve city correspondent, ceases to loan and calls in loans, and without meaning to do so, adds to the difficulties of the situation and makes the panic worse. Multiply this procedure by our twenty-five thousand of bank units and it is easy to see how our system, instead of providing means of preventing a panic, seems to be most successful in stimulating panics."

Great Hoard of Gold. Mr. Worden showed that the United States has a greater hoard of gold than any other nation, but that it is the most ineffective reserve in the world. "The greatest merit of the plan of the national monetary commission," he said, "lies in the fact that it provides a centralization of reserves, a great reservoir of supply, not scattered and unavailable for all legitimate purposes. It requires study to comprehend the somewhat intricate details of operation of the proposed plan, but it will be found to be clear and comprehensive in the general plan and purpose involved. Careful investigation can lead to no other conclusion. Under the operation of such a system it is difficult to see how there can be a recurrence of the distressing incidents of the panic period."

Reviewing the financial situation of the last year, Mr. Worden said: "Our commercial life has been in a hesitating mood and much has been said and written about the government's 'war on business.' In fact, there has been no war on business, but there is an ever increasing realization by the political, industrial and commercial world that governmental regulation has come to stay and to be earnestly enforced."

In referring to the hesitancy of capital to make ventures and the general hesitancy of business during the summer, Mr. Worden said he was not pessimistic, as the country is not in a bad plight, and the agricultural pillar of our prosperity is sound. "We are on the threshold of great events in the banking world," he said, "and unquestionably will see, within a few years, some fundamental changes in the banking laws and policy of this country that will, it is hoped, place the business upon a sounder and more scientific basis. It is for the Indiana Bankers' association to do its full share toward assisting in this much needed work."

Exorbitant Interest Rates. Mr. Worden said that one of the greatest evils affecting our financial institutions is the growing tendency to pay exorbitant rates of interest on deposits of money, which "grows out of excessive and foolish competition between local institutions." He advised against "undue competition" between banks. Mr. Worden earnestly expounded the movement for wide and efficient clearing house examination, which, he said, would go far toward more safe and conservative methods in banking.

Early next year for the first time Manila will be included among the ports of call of the North German Lloyd's East Asiatic steamers.

MRS. M'WHIRTER WILL BE CHOSEN

Mrs. Guldin Quits Race for Club Federation Presidency.

ELECTION ON TODAY

Indianapolis, Ind., Oct. 26.—Campaigning for the election of officers absorbed the convention of the Indiana Federation of Clubs today. In the nominations for president, Mrs. Luella McWhirter, Indianapolis, received most votes and it appeared she would be elected late today.

Mrs. O. N. Guldin, of Fort Wayne, and Mrs. G. E. Eberhard, of Mishawaka, withdrew their names. Mrs. L. J. Cox, of Terre Haute, was among a number of candidates for vice president.

Educational Loan Fund. The federation yesterday afternoon adopted a plan for the immediate operation of the proposed educational loan fund, which will be used to send to schools and colleges deserving young women who are unable to pay their own way. The federation will raise at least \$5,000 for this purpose.

Opposition to the adoption of the report on the educational loan fund was offered by Mrs. Virginia Meredith, of Cambridge City, who said she believed it to be dangerous to have the federation begin the work of loaning funds before the \$5,000 had been obtained.

Under the provisions of the report the administration of the fund will be vested in a board of trustees to be chosen by the federation governing board. The president of the federation will be an ex-officio member of the board of trustees. The names of those who desire to become beneficiaries may be sent to the board by any club, organization or individual contributing to the fund.

Urges New Committees.

Mrs. Grace Julian Clarke, in her address, asked for the appointment of three new committees—an Indiana history committee, to preserve documents; a country life committee and a housing committee.

The reports of the secretaries showed the addition of sixty clubs during the year, making the total number of affiliated clubs 253, representing more than 12,000 women. The treasurer's report showed a balance of \$263.45. Mrs. O. Y. Cox reported for the fifth district.

Mrs. Henrietta W. Calvin, professor of home economics at Purdue university, led the discussion in the economics reports. Mrs. Calvin said that the clubs have brought about civic cleanliness in the cities.

Mrs. Ida Gray Scott, who reported for the music department, advocated a state opera company to give performances at popular prices.

FUNERAL ON SATURDAY.

Services for Late Hon. Isaac Jenkinson at Richmond.

Friends in Fort Wayne have been advised that funeral services for the late Hon. Isaac Jenkinson will be held at Richmond Saturday afternoon at 2 o'clock.

Miss Emma Jenkinson, a cousin of the deceased, has gone to Richmond to attend the funeral.

WOLF & WIDESSAUER

AVIS AS SHE LOOKED WHEN MURDERED.

KESSLER WILL SHOW PLANS.

Will Be in the City Nov. 4 and Will Remain a Few Days.

Postmaster R. B. Hanna is in receipt of a letter from George E. Kessler, who is making plans for the beautification of Fort Wayne, in which he says he will be here Nov. 4 and will spend a few days.

He will have a description of the projects that he has worked out and asks that a lantern be secured so he can throw a general map on a screen and talk from it.

DIRECTORS MEET WITH BISHOP.

The semi-annual meeting of the directors of the Fort Wayne Diocesan Mutual Relief association was held this afternoon at the episcopal residence. Rev. Bishop Herman J. Alorling, president ex-officio, presiding. The members of the board represent the six deaneries of the diocese of Fort Wayne and are: Fort Wayne deanery, Rev. John H. Bath, of Avilla; South Bend deanery, Rev. A. M. Ellorling, of Michigan City; Hammond deanery, Rev. Philip Guethoff, of Crown Point; Logansport deanery, Rev. Robert Pratt, of Wabash; Lafayette deanery, Rev. Charles Dhe, Fowler; Muncie deanery, Rev. William Schmidt, of Muncie.

MUSIC FOR THE TRAVELERS.

The Fort Wayne and Northern Indiana Traction company officials, this week closed a contract with the Automatic Music company, of Anderson, Indiana, for a number of electric pianos to be installed in the various station houses along the interurban line. Yesterday a piano was placed in the local depot and the nickels have been pouring into it in a continuous stream. The traction company did not purchase the machines outright, but it will receive a percentage of the money taken in by the automatic players.

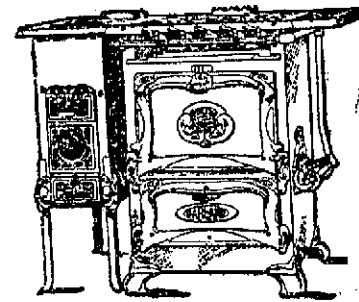

LADIES' AID TO MEET.

The Ladies' Aid society of the Wayne Street Methodist Episcopal church will meet tomorrow evening at the home of Mrs. W. G. McMaken, of 3202 Beaver avenue. The gathering will be in the nature of an evening social; no business to be transacted.

BERGER IS BANKRUPT.

Samuel H. Berger filed a petition in bankruptcy today in which he gives his liabilities as \$904.79 with \$202 as assets. He is an engineman living at Elkhart.

SHOP AND RAILROAD NEWS

MUSICIANS HAVE A FEAST

**Electro-Technic Band Holds
Banquet at Anthony
Hotel.**

**WABASH SWITCHMAN
RUN DOWN IN YARDS**

**James Evans the Victim of
Accident Last Night—
Shops News.**

The Electro-Technic band's banquet at the Anthony hotel last night, in celebration of the closing of a most successful concert season, began at 7:30 o'clock and closed at 11 and was one of the most enjoyable affairs any of the participants ever took part in. There were twenty-two covers and the menu was the very best that excellent hostelry could furnish. C. D. Wheeler was the toastmaster and during the evening every man at the table was compelled to respond to a toast and some of the speeches were gems of the elocutionary art. An affecting scene was the presentation to Gert Shober, director of the band, with the Besson silver cornet which he lost fifteen years ago and which he had given up all hopes of recovering. Ex-Mayor H. P. Scherer made the presentation speech and Mr. Shober received and fondled the horn as a father would a long lost beloved child. In the presentation speech Mr. Scherer gave an interesting description of the manner in which the horn was traced and recovered. Following this incident came the presentation to E. K. Allen, business manager for the band, of a handsome and costly gold fountain pen, in appreciation of the excellent manner in which he conducted the financial end of the season's campaign. This presentation was made by Tony Hauck. All of the speakers indicated considerable enthusiasm in the organization of which they are a part and promised to do all in their power to make the next season even more profitable than was the one just ending. It is the intention of the members to hold frequent meetings for rehearsal during the coming winter, with a view of being in good shape for business when the season opens in 1912.

LOSES SIGHT OF EYE.

**Ray Hausbach, Wabash Shop Employee
Struck in Eye by Piece of Steel.**

Ray Hausbach, of 1812 Howell street, a helper on the flag line at the Wabash shops, met with an accident Wednesday morning that necessitated the removal of his right eye. Mr. Hausbach was standing in an iron, which two other men were cutting through with a chisel and sledge, when a piece of steel flew off the chisel, striking him in the left eye and cutting the eyeball badly. He was taken to St. Joseph's hospital later in the day and the eye was removed.

SWITCHMAN KILLED.

**James Evans Meets Instant Death at
Peru.**

Fort Wayne friends of the unfortunate victim were advised this morning of the death at Peru of James Evans. Mr. Evans was a switchman in the employ of the Wabash and was caught and crushed to death in the yards. The meagre telegram conveying the news did not go into details and the particulars could not be learned here.

ROME CITY RATES.

Next Sunday to Be the Last of the Season.

Next Sunday will witness the close of the Rome City special rate season and after that date fishermen will be compelled to put up the regular price for tickets. The Pennsylvania dropped its dollar Sunday rate September 1 and next Sunday will mark the abolishment of that rate on the Nickel Plate.

SAY RATES ARE UNREASONABLE.

The interstate commerce commission says that the proposed increase in the freight rates on cream and condensed milk from the dairying districts of Indiana and Ohio to Pittsburgh and other eastern points is unreasonable and will not be permitted. The tariffs filed increased the rates nearly 50 per cent. and they had been suspended from January 1 to November 1, pending the action of the interstate commerce commission.

TO PREVENT RAILS SPREADING.

Frank Chamness, an inventor, residing at Huntington, has brought out a device which he claims will prevent rails from spreading and thus eliminate one of the most frequent causes of railway accidents. He met President Delano and other Wabash officials at Peru yesterday morning and presented his invention to them. Mr. Chamness recently invented a frogless switch which possesses considerable merit, it is said.

TAKES JOB WITH PENNSY.

Master Car Builder J. A. Graham, of the Pennsylvania, has employed C. R. Kennedy, a stenographer, to take the place of C. L. Haller, who was recently promoted and transferred to the store room. Stenographer Kennedy is a son of George W. Kennedy, of 1528 Wall street, a well known employee of the Rolling mills.

BIVOUACED AT ASHLEY.

President F. A. Delano and his staff, who are making an inspection trip over the Wabash system, changed their plans slightly, when they stopped over night at Ashley, Ind. They had planned to spend the night at Detroit. The party will reach Chicago tonight, at which point the Fort Wayne members leave the higher officials and come home.

CAPT. DIEHL RETURNS.

Capt. H. M. Diehl, who had been east on special business for the Pennsylvania several days, returned home this morning. The Pennsylvania air brake instruction car, which has been in the shops receiving some repairs for some time, is nearly finished and Captain Diehl will soon take it out on an educational tour of the Pennsylvania lines.

HAD 'BUS RIDE AND DANCE.

The Amity club, the male members of which are Pennsylvania shopmen, went out to the Sorg farm, eight miles south of the city, last night and enjoyed a dance in the big barn. There were eleven couples in the party and they did not get back home until early this morning.

TAKING A FULROUGH.

R. C. Baker has taken a ninety days' furlough and W. Mosel has taken a thirty days' furlough, the latter to help with the farm work at his old home in Ohio. Each is a Pennsylvania fireman and they are permitted to lay off because of the light traffic now being handled on the road.

INDUSTRIAL NOTES.

Joseph C. Brake, stenographer in the

QUIT HOTEL BUSINESS TO TAKE UP RAILROAD WORK.

From landlord to clerk in the Nickel Plate yards was the beginning of a railway career for Herbert L. Reed that extended over a period of twenty-eight years and is still going on. Mr. Reed was born and reared in Cleveland and left that city in 1881 to take charge of the Brook house in Kendallville, which he conducted two years. Becoming dissatisfied with the hotel business, he sold it and a short time afterwards the building was destroyed by fire. While in business in Kendallville, Mr. Reed made several visits to Fort Wayne and made up his mind that this would be a good city to live in. When he sold his hotel he came here and took employment as yard clerk with the Nickel Plate. That was on January 10, 1883, and nine years later he was transferred at his own request to the road service and for seven years was a locomotive fireman. In 1900 he was promoted and for six years presided at the throttle of a freight engine in and out of Fort Wayne. In 1905 a vacancy occurred in the office of chief clerk of the round house and shops in Fort Wayne and Mr. Reed was offered and accepted it and is still there. He has a wonderful capacity for work of a clerical character and keeps things in that department in "ship-shape." He also finds time to attend to the duties of secretary-treasurer of Nickel Plate division, No. 337, Brotherhood of Locomotive Engineers, which holds its meetings in a finely equipped room at West Main and Center street. Mr. Reed is also member of Sol D. Bayless lodge, No. 359, F. & A. M.; of Harmony lodge, No. 19, I. O. O. F., and of Ben Hur Court, No. 15, Order of Ben Hur, and finds time to attend the meetings occasionally.

office of Road Foreman of Engines R. C. Colney, of the Pennsylvania, is quite sick and has been bedfast for two or three days.

Pennsylvania Fireman O. P. Carpenter is sick and off duty.

The big addition to the Wayne Knitting mills is receiving its roof.

F. E. Herber and J. J. Tholon, Pennsylvania shopmen, are sick and off duty.

A. C. Palmer, of Detroit, has assumed control of the Wabash restaurant at Peru, vice Mr. Hopkins, who retired Tuesday.

Blacksmiths L. E. Rehling and C. Hess resumed work at the Pennsylvania shops this morning. They had been off attending a funeral.

Mr. and Mrs. Ed Paul and daughter, Miss Marie Paul, will spend the remainder of the week with friends in Chicago. Mr. Paul is a Pennsylvania machinist.

Mrs. Quillman, wife of James J. Quillman, of the Pennsylvania motive power offices, will return home tomorrow. She has been in Pittsburgh for a week visiting friends.

According to the report from the grape-growing centers of Ohio and Pennsylvania, the Nickel Plate has already hauled 3,000 cars or 93,000 tons of the fruit this year.

Pennsylvania brakeman Clyde Gill, who was rolled and severely injured between a train and the platform at Valparaiso a week ago, is much better and was able to come home yesterday.

The Lake Shore has agents at work buying land in the vicinity of the Union depot in Toledo, which is, it is supposed, to be used for additional trackage made necessary by the extensive improvements at Air Line Junction.

Conductors Charles Spangler and C. W. Goodyear, who were hurt in the rear end collision of Nickel Plate freight trains at Maple Grove last Friday, have been discharged from the Harrison hospital in Bellevue and are at their homes in this city. Neither will be able to resume work for several days, though each is improving. Mr. Goodyear, although a conductor, was acting as a flagman when the accident happened.

Wily Red Man.

"Why has Wombat so much to say about the treachery of the Indians? He could hardly have been west in the old Indian fighting days."
"Of course not. He's too young. It seems an Indian thing him in a real estate deal!"—Washington Herald.

MILLIONS OF GERMS

**You Must Kill Them or Lose
Your Hair—Newbro's
Herpicide Prevents
Baldness.**

The dandruff germ is a deadly enemy to healthy, luxuriant hair. No matter how thick, heavy and beautiful your hair may look, the dandruff germ may be there at work and very busy too. Just so sure as you do not take steps to check the ravages of this germ, just so sure you will sooner or later lose your hair.

Baldness may always be prevented by the timely use of Newbro's Herpicide. Herpicide is sure death to the dandruff germ. It cleans the scalp and allows the hair to grow as nature intended. There are no disappointments, unless the hair follicles are completely atrophied, so why put off the treatment until it is too late?

Herpicide is sold and guaranteed in one dollar bottles by all druggists. Applications at the best barber shops and hair dressing parlors.

Send 10c in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair. Bradley Bros., 627 Calhoun, Special Agents.

NO COLLECTIONS ON CITY MARKET

**Board of Safety Held Off
Until Mayor's Signature
is Affixed.**

NEWS OF CITY HALL

Under instructions from the board of public safety the market master refrained today from making collections on market stands under the city ordinance passed Tuesday night by the council for the reason that the new measure has not been signed by the mayor.

Until the new regulation measure is in force beyond doubt the gardeners will be permitted to occupy stalls and street stands without paying for them. The renters are not satisfied with the slight reduction and there is an agitation for another injunction suit, but whether this will crystallize in a new attack is a matter of some doubt.

Ready to Cut Piling.
This morning the Pennsylvania company began cutting out its piling under the tracks at Broadway and in a short time it will put in the permanent work at the crossing.

The removal has held the other work up to some extent and the city officials now believe that they will be able to fulfill their promise to have city and interurban cars running by Thanksgiving. If the weather is at all favorable the concrete on Spy Run avenue will be finished tomorrow forenoon.

Called to Chicago.
Dr. George Gillie, milk and meat inspector; J. C. Huguenard, his deputy, and Dr. A. B. Nivin, inspector at the Eckart packing plant, have been summoned to appear before the federal grand jury at Chicago to give testimony relative to someveal destroyed here last April after it had been offered for sale at the National meat market.

This meat was shipped from Chicago to Fort Wayne and this gives the federal authorities jurisdiction in the matter.

Little Work for Board.
There was little work in sight this afternoon for the board of public works and Clerk Henry Becker said the only business on his list is the resolutions for grade separation at Broadway and Taylor streets.

The University of Lyons in France is to have a model hospital, with all the latest equipment and 1,300 beds for the care of the sick.

Correct Dress

To feel that you are correctly dressed is a great satisfaction, isn't it? It produces such ease of mind and manner. But no matter how elaborate your toilet, nor how well fitting your costume, it fails of its purpose unless your feet also are correctly shod.

APP Shoes for Women give you that sense of security; they have a snap and style about them that appeal to women who are "shoe particular."

M. APP, 916 Calhoun St.

Braking a Wisdom Monopoly.
"I'm afraid the country suffered a great loss when they failed to send our eloquent and able friend back to congress."

Not So Fast.
"I thought you were going to take your place at the helm of your father's business."
"I thought so myself, but he says I'll have to pull at the oars awhile first."—Washington Herald.

DEATH COMES AS RESULT OF FALL

Hon. Isaac Jenkinson is
Dead at Richmond,
Aged 86 Years.

LONG IN FORT WAYNE

Richmond, Ind., Oct. 26.—Hon. Isaac Jenkinson, veteran journalist, educator and politician, and the last of the Indiana presidential electors who cast his vote for Abraham Lincoln for president, died at his home in this city last night.

HON. ISAAC JENKINSON,
Former Fort Wayne Man Who Died at
Richmond.

after a fall down the stairway into the cellar of his home. He was on his way to answer a telephone call, and is supposed to have mistaken his way in a dimly-lighted room. He was 86 years old.

Before coming to Richmond Mr. Jenkinson lived for many years in Fort Wayne, where he was one of the founders of the Fort Wayne Gazette, and where he retained considerable property interest down to the time of his death. Mr. Jenkinson had lived a retired life for many years, though devoting some attention to literary work. Five years ago he published "Aaron Burr: His Personal and Political Relations With Thomas Jefferson and Alexander Hamilton." He was born in Piqua, Ohio, in 1825, but when a small boy moved to Deerfield, Randolph county, and was a resident there for several years. It was at this place that he filled his first political office. President Tyler appointed him postmaster when he was but eighteen years old. At twentyone

Facts About Indigestion

Test Sample of MI-O-NA Free

If you have indigestion, dyspepsia, sour stomach, dizziness or biliousness, no matter how long standing, Meyer Bros. Co. guarantees MI-O-NA stomach tablets to cure, or your money back.

Thousands are getting rid of indigestion by using MI-O-NA. Here is what one man writes: "I want to speak a good word for MI-O-NA and what it has done for me. I suffered something terrible with dyspepsia and indigestion. It was almost impossible for me to eat without eating. One day I read your advertisement in the Bangor, Idaho News. I got a box, and before it was gone I could sit down to the table and eat anything, thanks to MI-O-NA."—Herbert L. Patterson, Brewer (Bangor), Me.

MI-O-NA stomach tablets are made from the best prescription ever written—they cure to stay cured. They relieve distressed stomach in a few minutes. They are sold by Meyer Bros. Co. and druggists in every town in America. A large box of MI-O-NA costs but 50 cents. Test samples free from Booth's MI-O-NA, Buffalo, N. Y. A post card will do.

ASK US ABOUT THIS BLOOD REMEDY

Great care should be exercised in the selection of a blood remedy—see that it does not contain mercury; this drug will work havoc with the stomach and derange the entire system.

Nyal's Hot Springs Blood Remedy

is not only free from mercury, but from all other ingredients that are at all injurious.

It is composed of roots and herbs of known virtue—those most approved by medical men.

If you are in a weakened condition—blood impoverished—you cannot do better than use this preparation.

It will build you up in the shortest time possible. Ask us to show you this remedy.

\$1.00 the bottle.

Any doctor will tell you that when we compound a prescription it's done right. Bring up your prescriptions.

"D-M-F"

Cures Rheumatism

Trial Package Sent Free, Proves Its Extraordinary Results

ONLY an internal remedy will cure rheumatism. "D-M-F" is a scientific preparation of remarkable effectiveness, containing ingredients such as only the most studious and able specialists themselves might prescribe. It contains no injurious drugs; it is safe. Every box carries the statement of analysis made by one of the foremost chemists of this country. Its results in a few days' time convince you of its extraordinary power, eliminating the rheumatic humor from the blood gradually, naturally and promptly. "D-M-F" is for rheumatism, lumbago, and neuralgia, no matter whether chronic for 30 years or merely slight.

C. W. Bevan, M. D., one of the most prominent physicians in Oklahoma, writes for his success in treating rheumatism says after having treated 60 cases of rheumatism within 6 months:

"The cases for this test were selected from the various chronic forms commonly known as incurable, and all forms of the disease have yielded to the D. M. F. treatment. Convinced that with D. M. F. there are no incurable forms of the disease, I am now ready to stake my professional reputation on my ability to cure all forms of rheumatism with this treatment."

"D-M-F" is sold in tablets at drug stores, at 50 cents a box, or sent on receipt of price, by the D-M-F Medicine Co., 2715 Lincoln Avenue, Suite 136, Chicago, Ill. Send your name and address and get proofs of cures and a free trial package, which will prove to you how remarkable in results "D-M-F" really is.

years of age he was elected justice of the peace at Deerfield.

Goes to Fort Wayne.

While yet a young man he moved to Fort Wayne and at once became prominently identified among the business men of that city. Allen county, of which Fort Wayne is the county seat, was at that time a hotbed for democracy, but in 1880 he organized a republican party and made his first republican speech. Governor Nelson appointed Mr. Jenkinson recruiting officer during the war of the rebellion. He devoted all of his time to this office and the cause. The Fort Wayne Gazette, now the Journal-Gazette, was founded by him and David Jones in 1863.

The Weekly Palladium was the next journalistic venture of Mr. Jenkinson. Since 1881, it had been published a weekly paper, but Mr. Jenkinson changed the paper to the daily field. He was editor of the paper for twenty years and had success with it. During his connection with the Palladium he served as postmaster. Mr. Jenkinson did much to place the paper in its present high position.

Consul to Glasgow.

The next political post held by Mr. Jenkinson was as consul to Glasgow, Scotland, from 1899 to 1914. He was instrumental in introducing American meats into England and Scotland.

For thirty-five years he was a member of the board of trustees of Indiana university, Bloomington, and for seventeen years was president of the first board of trustees of Purdue university, at Lafayette, and assisted in the selection of the site for the first building.

Mr. Jenkinson looked back over his educational record with much pride and satisfaction.

Mr. Jenkinson was the last living Indiana elector to vote for Lincoln in 1860. He had preserved many badges used in the state and national campaigns from 1860 to the present time.

Our stock of outing flannel pajamas is the largest in the city. Prices, \$1.00 to \$1.50.

URNS BEGGAR TO WIN WAGER

J. C. Altburg, Fort Wayne
Traveling Man, at
Tulsa, Okla.

SAYS THING'S EASY

Tulsa, Okla., Oct. 26.—On a wager of \$100 James C. Altburg, of Fort Wayne, Ind., turned beggar last night, and in four hours' time collected \$25.50 from pedestrians on Tulsa's business streets. Altburg is a traveling man and he made the wager yesterday with C. O. Weideman, a salesman for the wholesale grocery house in Wichita.

Altburg agreed to start at 7 o'clock last night without a cent of money in his clothes and to collect \$25 by begging from persons on the street, by 11 o'clock. Altburg disguised himself as a typical beggar and placed a bandage around his right arm. He told the objects of his realistic appeals that he was the father of a family of five that were destitute, and so successful were his talks that by 10:30 o'clock, or a half hour before the stipulated time was up, he had collected in this manner 50 cents more than he agreed to.

"The people in Tulsa are certainly prosperous and are liberal givers," said Altburg last night, after he had changed clothes and collected his wager.

Altburg desires it announced that any persons who remember giving money last night to a ragged, unkempt man with a black mustache, wearing a battered hat, communicate with him, in order that he may return the money handed him. His address is Fort Wayne, Ind.

A HOUSEHOLD MEDICINE THAT GIVES CONFIDENCE.

Is Foley's Honey and Tar Compound. Mrs. T. J. Adams, 522 No. Kansas Ave., Columbus, Kas., writes: "For a number of years my children have been subject to coughs and colds. I got some of Foley's Honey and Tar Compound and have found that it cured their coughs and colds in a very short time, so I keep it in the house all the time." Dreier Drug Co.

MR. GOOD DRESSER.

We have exclusive sale of the five finest lines of clothing. We have the largest stock of clothing in the state. We believe we are doing the largest clothing business in the state. Now then; don't you have an idea we must be giving a little more for the money than the other fellows? Come and know.

PATTERSON-FLETCHER CO.

McFARLAND IS INDICTED.

New York, Oct. 26.—The Essex county grand jury returned an indictment charging James McFarland with the murder of his wife, Evelyn, who died of cyanide of potassium poisoning at her home here on the night of October 17.

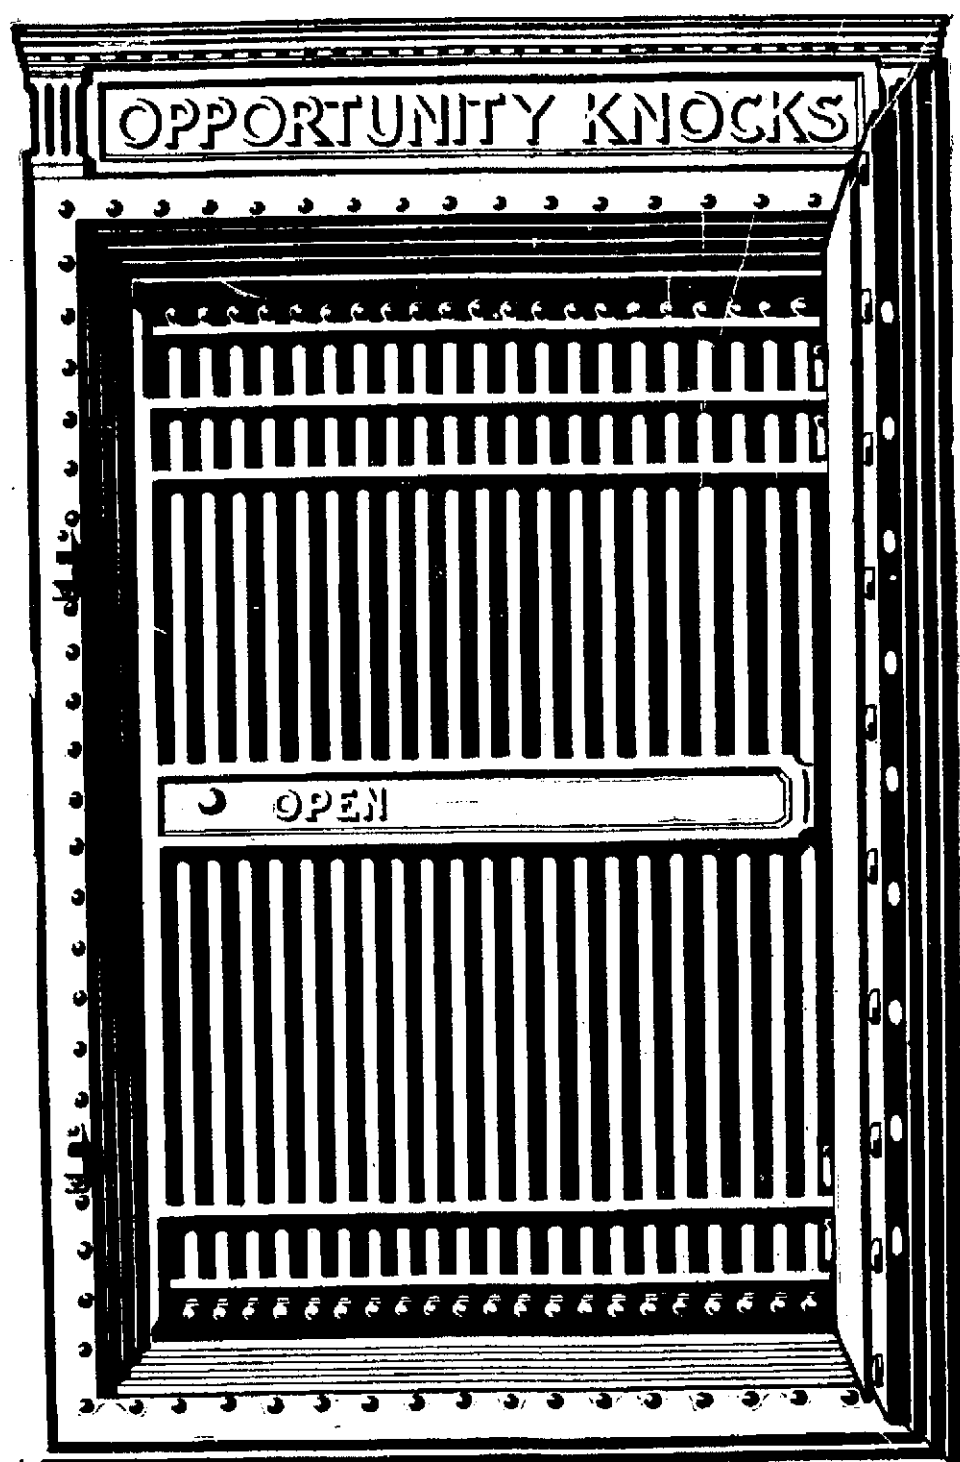

NEVER OUT OF WORK.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy, brain-fog into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. Only 25c at all druggists.

We want to call your attention to our remarkable showing of overcoats. We claim to show more overcoats between the prices of \$15 and \$75 than you can find in any other four stores in Fort Wayne. Fine imported Kerseys, Meltons, Scotchies and Freezers. Not high-priced, but high value for the price.

COUNCIL PROCEEDINGS

The Common Council of the City of Fort Wayne met in the Council Chamber, Tuesday evening, October 24, A. D. 1911, in regular session. President Louis S. Schroeder presided, and William J. Jaffrey, Clerk, at the desk; present the following members, 13, viz: Bauer, Braun, Dittor, Felger, Hamilton, Kinder, Pinner, Rogge, Sarver, Schroeder, Van Swearingen, Wagner. Absent, 2, viz: Councilmen Pinner and Welch.

MINUTES OF THE LAST REGULAR SESSION

The minutes of the last regular session having been delivered to the Council, were, on motion, approved as published.

COMMUNICATION FROM THE MAYOR.

Fort Wayne, Ind., Oct. 14, 1911. Hon. Common Council: I have approved the following Resolution and Ordinances passed at your last regular session of October 13, 1911.

RESOLUTION NO. 81. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 519. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 511. An Ordinance confirming and approving a contract made and entered into on August 30, 1911, by and between the City of Fort Wayne and the Wabash Railroad Company.

RESOLUTION NO. 82. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 510. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 512. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 83. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 513. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 514. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 84. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 515. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 516. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 85. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 517. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 518. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 86. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 519. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 520. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 87. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

GENERAL ORDINANCE NO. 533. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

GENERAL ORDINANCE NO. 534. An Ordinance approving a contract made and entered into October 10, 1911, by and between the City of Fort Wayne and the Fort Wayne and Wabash Railroad Company.

RESOLUTION NO. 94. Relative to the abatement of the nuisance arising from the condition of Indian Creek.

COMMUNICATION FROM THE BOARD OF PUBLIC WORKS.

Honorable Common Council. Gentlemen: Concerning the resolution No. 81 passed by your body at its last regular meeting relative to the opening of Indian Creek, we desire to say the following:

The situation along this creek has been investigated by the Board of Public Works, and it is expected that it will be reported to you at an early date.

We have had the question up several times with Engineer Randall and he has advised us to wait until we have the report of the sewer experts employed for that purpose by the city. There is no desire on the part of the undersigned to neglect the matter, but we desire not to do any of the things you suggested. Metcalf and Eddy, we are informed, were desirous of submitting their report, but for various reasons it will not be submitted until the 4th of November.

Trusting this will be satisfactory, we beg to say, very respectfully, Yours, FRANK T. BENOV, E. A. SCHWEGMAN, G. J. LENNON, Board of Public Works.

COMMUNICATION FROM THE BOARD OF PUBLIC WORKS.

Fort Wayne, Ind., Oct. 20, 1911. Honorable Common Council. Gentlemen: We desire to inform you that, in an endeavor to save the city from the eventual opening of Clinton Street, which was begun by the approval of the Wabash contract, that we have taken up the matter of securing from the Pennsylvania company, street rights over their right of way at Clinton Street. With this end in view, we have attached, which we present for your consideration.

We will endeavor to keep you informed from time to time on the status of this matter. Respectfully yours, FRANK T. BENOV, E. A. SCHWEGMAN, G. J. LENNON, Board of Public Works.

October 18, 1911. Pennsylvania Company, W. M. Hamilton, Superintendent. Gentlemen: The City of Fort Wayne is very anxious to settle any differences that may arise between the city and the Pennsylvania company, and we are anxious to settle any differences that may arise between the city and the Pennsylvania company.

Practically all the details of track elevation now under consideration, including the incidents thereto, such as the proposed passenger station, and a street opening, have been tentatively agreed upon, except the matter of making some provision for a future opening at Clinton Street.

It is unnecessary to discuss the relative value of the concessions proposed to be exchanged. The city has indicated its willingness to accept the Pennsylvania company's offer of a street opening at Clinton Street, and the Pennsylvania company has indicated its willingness to accept the city's offer of a street opening at Clinton Street.

The concessions to be made by the city are the following: The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

The Pennsylvania company is to be given the right of way at Clinton Street, and the city is to be given the right of way at Clinton Street.

The city is to be given the right of way at Clinton Street, and the Pennsylvania company is to be given the right of way at Clinton Street.

REPORT OF CITY CONTROLLER.

To the Common Council, City: Gentlemen: I am sending you herewith a report covering the operation of the Fort Wayne Municipal Electric Light and Power Works, from January 1, 1911, to September 30, 1911.

Treasurer's cash balance, January 1, 1911, \$15,224.55. Unrecovered warrants, 79.57.

Available balance, \$15,304.12.

Current, \$65,204.57. Steam, \$5,604.40. Lamp and material, \$1,154.00.

Total receipts, \$71,962.97. Total available and received, \$87,267.09.

DISBURSEMENTS. Salary, electrician and assistants, \$1,175.00. Salary, engineer and assistants, \$1,175.00. Salary, meter reader-lamp trimmer, troublemen, \$2,352.00.

Pay roll, laborers and linemen, \$2,700.00. Stationery and postage, \$328.75. Fuel, \$1,824.00. Oil and waste, \$286.07.

Tools, \$148.16. Lamp and material, \$1,154.00. Repairs to buildings, \$637.57. Repairs to machinery and dynamos, \$1,471.69.

Repairs to boilers and fireboxes, \$1,252.50. Repairs to electrical apparatus, \$1,252.50. Repairs to meters and transformers, \$31.50.

Repairs to conduct system, \$78.80. Insurance on buildings, \$195.25. Advertising, \$125.00. Conduit rental, \$125.00. Easement on tower space, \$25.00.

Total disbursements, \$36,226.10. Available balance, \$54,204.98. Unrecovered warrants, \$1,708.28.

Treasurer's cash balance, \$52,496.70. Respectfully submitted, W. S. CUTSHALL, City Controller.

Received and referred to committee on finance.

REPORT OF CITY CONTROLLER.

Fort Wayne, Ind., Oct. 20, 1911. To the Common Council, City: Gentlemen: Herewith I submit to you a report covering the special and general fund from January 1, 1911, to September 30, 1911.

Cash in treasury January 1st, 1911, \$207,517.33. Receipts from sundries, \$1,111.11. Receipts from taxes, \$25,500.00.

Total, \$254,128.44. Warrants drawn, \$70,817.33.

Balance in treasury, \$183,311.11.

Cash in treasury January 1st, 1911, \$123,622.51. Receipts from sundries, \$6,389.36. Receipts from taxes, \$17,111.02.

Total, \$147,122.89. Warrants drawn, \$25,832.38.

Balance in treasury, \$121,290.51.

Treasurer's cash balance, \$121,290.51. Respectfully submitted, W. S. CUTSHALL, City Controller.

Received and referred to committee on finance.

REPORT OF CITY CONTROLLER.

Fort Wayne, Ind., Oct. 20, 1911. To the Common Council, City: Gentlemen: Herewith I submit to you a report covering the special and general fund from January 1, 1911, to September 30, 1911.

Cash in treasury January 1st, 1911, \$207,517.33. Receipts from sundries, \$1,111.11. Receipts from taxes, \$25,500.00.

Total, \$254,128.44. Warrants drawn, \$70,817.33.

Balance in treasury, \$183,311.11.

Cash in treasury January 1st, 1911, \$123,622.51. Receipts from sundries, \$6,389.36. Receipts from taxes, \$17,111.02.

Total, \$147,122.89. Warrants drawn, \$25,832.38.

Balance in treasury, \$121,290.51.

Treasurer's cash balance, \$121,290.51. Respectfully submitted, W. S. CUTSHALL, City Controller.

Received and referred to committee on finance.

Total, \$254,128.44. Warrants drawn, \$70,817.33.

REPORT OF CITY CONTROLLER.

Fort Wayne, Ind., Oct. 24, 1911. To the Common Council, City: Gentlemen: I desire to call your attention to the fact that, in the case of the city and county liquor licenses do not expire at the same time.

The difference in the dates of expiration of the city and county licenses was caused by the fact that, in the case of the city, the licenses were renewed on the 1st of January, while in the case of the county, the licenses were renewed on the 1st of February.

I am of the opinion that this discrepancy could be very easily overcome, and I would like to refer this matter to the proper committee, if I will be pleased to meet with them at any time to devise means to bring about the desired relief.

Yours, W. S. CUTSHALL, City Controller.

Adopted and referred to Judiciary Committee and City Attorney.

PERSONS WHO HAVE CENTRE OF STAGE IN MYSTERIOUS MURDER CASE

ALICE F. HOWE.

Alfreda Chase and Alice Howe are two girls who, the Boston police have learned, were at one time engaged to wed the Rev. Clarence Richeson, who is held charged with the murder of Avis Linnell. Timothy Leary is the medical examiner who ordered that the body of Miss Linnell be exhumed in an effort directly to connect the minister with the crime of potassum which caused the girl's death. Other persons who are prominently identified with the case are District Attorney Pelletier, who has charge of the case for the Commonwealth; Judge James R. Dunbar, one of counsel for the defence, and Moses Grant Edmunds, father of the girl Richeson was about to marry and who believes in his innocence.

ALFREDA CHASE.

MOSES GRANT EDMUNDS.

MEDICAL EXAMINER TIMOTHY LEARY.

JUDGE JAMES R. DUNBAR.

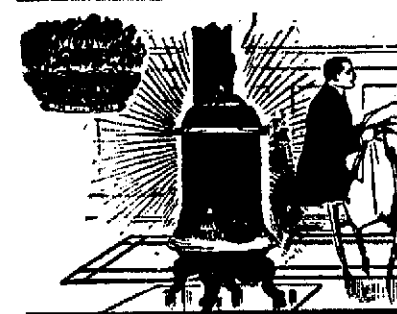

DISTRICT ATTORNEY PELLETIER.

RAIL PRESIDENT DIES A SUICIDE

Lowery W. Goode, of the Cairo & Norfolk, Swallows Morphine.

NEWS WAS WITHHELD

The Even Heat Makes All Rooms Comfortable

Cole's Original Hot Blast Heater is so perfect in construction that fire and heat keeps all night, even with cheapest soft coal. When the draft is opened in the morning the fuel put in the night before will burn for two or three hours.

COLE'S HOT BLAST—for Hard Coal—SAVES HALF

The perfect control of the drafts, the slow economical combustion and the large, sensitive, radiating surface makes it the most economical and best Hard Coal stove made. Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Burns Soft Coal, Slack, Lignite, Hard Coal, Wood and lighter fuel.

COUNCIL PROCEEDINGS.

(Continued from Page Twelve.)

APPROPRIATION ORDINANCE NO. 433.

An ordinance appropriating \$1,500.00 to "maintenance and repair of streets" account.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that \$1,500.00 be and the same is appropriated to "maintenance and repair of streets" account.

Section 2. That this ordinance be in full force and effect from and after its passage and approval by the mayor.

Section 3. That the ordinance be read the third time in full, and on motion the ordinance was now passed by the following vote:

Ayes, 12; viz: Bauer, Braun, Dittoe, Feiger, Haller, Hamilton, Kinder, Pinniger, Rogge, Sarver, Schroeder, Wagner.

Nays, none.

APPROPRIATION ORDINANCE NO. 354.

An ordinance appropriating ten hundred eighty dollars and twenty-two cents (\$1,082.22) to "parks account."

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that ten hundred eighty dollars and twenty-two cents be and the same is hereby appropriated to "parks" account.

Section 2. That this ordinance be in full force and effect from and after its passage and approval by the mayor.

Section 3. That the ordinance be read the third time in full, and on motion the ordinance was now passed by the following vote:

Ayes, 12; viz: Bauer, Braun, Dittoe, Feiger, Haller, Hamilton, Kinder, Pinniger, Rogge, Sarver, Schroeder, Wagner.

Nays, none.

APPROPRIATION ORDINANCE NO. 434.

An ordinance appropriating \$272.00 to the "miscellaneous claims" account to pay the claim of Dave Randall.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that \$272.00 be and is hereby appropriated to the "miscellaneous claims" account to pay the claim of Dave Randall for refund on city license.

Section 2. That this ordinance be in full force and effect from and after its passage and approval by the mayor and legal publication.

Section 3. That the ordinance be read the third time in full, and on motion the ordinance was now passed by the following vote:

Ayes, 12; viz: Bauer, Braun, Dittoe, Feiger, Haller, Hamilton, Kinder, Pinniger, Rogge, Sarver, Schroeder, Wagner.

Nays, none.

GENERAL ORDINANCE NO. 513.

An ordinance amending sections 32 and 33 of general ordinance No. 428, being "An ordinance regulating the wholesaling and retailing of provisions and articles of food upon the Barr street market, and providing a penalty for the violation of the provisions of this ordinance."

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that section 32 of general ordinance No. 428, being "An ordinance regulating the wholesaling and retailing of provisions and articles of food upon the Barr street market, and providing a penalty for the violation of the provisions of this ordinance," be amended to read as follows:

"Section 32. It shall be the duty of the marketmaster to assign any person who shall desire to sell, for the purpose of selling at retail his wares or produce, any stall or stand not rented or occupied, and collect therefor the sum of twenty (20) cents per day."

Section 2. That section 33 of general ordinance No. 428, being "An ordinance regulating the wholesaling and retailing of provisions and articles of food upon the Barr street market, and providing a penalty for the violation of the provisions of this ordinance," be amended to read as follows:

"Section 33. That the rental price for the use of the stands or stalls in the Barr street market for the purpose of selling at retail shall be twenty (20) dollars per annum; however, no stand in covered market to be rented for less than a period of one year unless otherwise herein provided."

Section 3. That this ordinance shall be in full force and effect from and after its passage and approval by the mayor.

Section 4. That the ordinance be read the third time in full, and on motion the ordinance was now passed by the following vote:

Ayes, 12; viz: Bauer, Braun, Dittoe, Feiger, Haller, Hamilton, Kinder, Pinniger, Rogge, Sarver, Schroeder, Wagner.

Nays, none.

GENERAL ORDINANCE NO. 514.

An ordinance authorizing the board of public works of the city of Fort Wayne to furnish water to the municipal schools of the city for the price of two cents per thousand gallons.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that the board of public works be authorized and empowered to furnish water to the city waterworks department, to any school association, for water to be used in the municipal schools for the price of two (2) cents per 1,000 gallons, and said board shall not be compelled to account or pay for water so furnished except at the price herein provided.

Section 2. Be it further provided that the board of public works shall require such water to be measured by meter to be installed and purchased by said school, and inspected by said city.

Section 3. That this ordinance be in full force and effect from and after its passage and approval by the mayor and legal publication.

Section 4. That the ordinance be read the third time in full, and on motion the ordinance was now passed by the following vote:

Ayes, 12; viz: Bauer, Braun, Dittoe, Feiger, Haller, Hamilton, Kinder, Pinniger, Rogge, Sarver, Schroeder, Wagner.

Nays, none.

The council then adjourned.

Correct—Go Up Head.

Tommy—Pop, what is a bignismist? Tommy's Pop—A bignismist, my son, is a man who has more wiles than brains.—Philadelphia Record.

In striking contrast with the slow growth in the number and acreage of farms and the area of improved land during the ten years is the enormous rise which has occurred in the value of farm property.

Dr. Hardman Specialist

I Cure Pelvic, Nervous and Chronic Diseases Don't Wait Till Others Fail

Dr. W. E. Hardman

Experiment may mean DEATH. Then it is too late. If HEALTH—LIFE—HAPPINESS mean anything to you, you cannot afford to put off getting well. There is not a moment that you can afford to lose.

Whether or not you can afford to rent a cheaper house, buy a cheaper piece of property or a cheap suit of clothes remains with your own judgment but YOU KNOW and everybody else knows that no one can afford to take any chance with cheap treatment where health and happiness are at stake. Inexperience and cheap unscientific methods too often lead to the grave or what is even worse: to permanent physical disability which can only be cured by DEATH. Does it seem startling? Yet you know it to be a fact. Would you have a blacksmith try to fix your watch? Would you risk your life behind a locomotive that was run by a novice and who had no practical training? I think not. Would you even allow your wife or children to ride in a carriage drawn by un-

Every man that does less than he should do at his desk, in the shop or on the farm, is weak in some way. I have found that the man who cannot accomplish all that he hopes or expects to is often the silent sufferer from some hidden Chronic or Pelvic disease that is slowly but surely undermining his health, usually affecting one or more of the important nerve centers of the body, and as surely unfitting him for competing with his fellow men who are strong and healthy.

These neglected or unknown conditions are usually diseases of the pelvic organs, which directly act on the organs of digestion, of elimination and the nervous system, which in turn has its influence on the brain. I have made a study of the nervous system and have perfected methods that will CURE Pelvic Diseases. I will give you a searching and thorough examination and explain to you the true nature of your trouble.

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now satisfied and are enjoying the blessings of health. Many of these I have cured after they had vainly sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

Every day competition is getting more keen and the natural and inevitable result is that the weak must fall behind and watch those who are strong and healthy force to the front.

I have spent years in the study and treatment of Pelvic, Nervous and Chronic Diseases and have perfected methods which will not only positively and permanently cure these chronic and deep-seated diseases, but will restore to a normal and healthy condition the broken-down and debilitated organs.

Think it over and consider if you can afford as a matter of business to neglect yourself and risk FAILURE because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some PELVIC or CHRONIC disease, which has insidiously worked its way into his system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. This is the reason my business has grown to such remarkable proportions; that I have, beyond question, the largest business of my kind in the state, and hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.

broken or, untrained horses? Certainly not, but do you think it more absurd, than to trust your life and health to the inexperience of untrained doctors?

Think, and you will readily see the similarity of the situations.

The body the (storehouse of the soul) was loaned to us by AN ALL WISE CREATOR, and it is due HIM that we take a proper care of it—and if harm should come to it in the way of disease it is our duty to see that every possible means be utilized to fit it for the use that HE has intended.

Do you not think that it is time that you started on the road to health?

Do you not think that it is the part of wisdom to start with the best, instead of experiments with incompetent doctors: those who have made no special study of these chronic and deep-seated diseases? In other words do you want to begin with a failure?

It costs nothing to be sociable. Come, let me prove the advantages of my modern methods.

I Repeat, No Man Can Afford to Run the Risk of Failure Because of Being Handicapped by Disease—Read This.

Fort Wayne, Ind., Nov. 9, 1909.

Dear Sir: On May 14th, 1908, I came to your office for treatment for a trouble I had suffered with for several months in such a way that I became almost unable to attend to my work. In fact, I could hardly walk more than a square or so without having to stop and rest. I can now say that I consider myself cured absolutely, no handicap to my work in an entirely satisfactory way. If my experience will be of any benefit to any sufferer I am glad to add my word of gratitude for your treatment.

(Signed.) AUGUST ZOLNAGHER, 701 East Washington St., Fort Wayne, Ind., Feb. 10, 1910.

Dr. W. E. Hardman, Fort Wayne, Ind.: Dear Doctor—On October 20th I called on you for treatment for a fistula, Stricture and Prostatic Inflammation which I had suffered for over ten (10) years to such an extent that it was almost impossible for me to attend to my business.

I was treated with you a little over three (3) months and I can truthfully say that I consider myself practically a well man, although you stated when I began treatment that it would take several months to cure me. I have spent many times what you asked me for a complete cure, and have heretofore received absolutely no benefit whatever, and I consider that the price you asked me, and the money I paid you, the cheapest investment that I have ever made in my life.

Sincerely yours, E. L. WATSON, Fort Wayne, Ind., Feb. 10, 1910.

State of Indiana, Allen County: Personally appeared before me, a Notary Public, the within named affiant, Dr. W. E. Hardman, who depose and state upon oath that the above letters of endorsement are bona fide and true copies of letters on file in his office and that the originals are duly signed by the parties writing them, and that he agrees to forfeit one hundred (\$100.00) if it can be shown that they are not what are represented to be.

WM. WAYNE, (Seal.) Notary Public.

These letters are taken at random from among the many which I have on file at my office, and everybody who is interested in obtaining a cure is welcome to call and examine the same. I have letters from some of the best people in and about Fort Wayne who are glad to show their appreciation of my services and their gratitude to me for having cured them.

BLOOD POISON—Only the most advanced methods are used by me in the treatment of Blood Poison and Rheumatism.

I use serum and vegetable drugs, and by their use I am able to rid the body of the poisons in about half of the time necessary by the old methods. Besides mercury and mineral poisons often ruin a man and leave him in a decidedly worse condition than before he began the treatment.

ECZEMA and other skin diseases are quickly and permanently cured.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of Chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but many years of experience enable me by special methods to revitalize the entire nervous system and to restore to perfect health nearly all sufferers from NERVOUS BREAKDOWN and VITAL WEAKNESS.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble, and treated with local applications or sedatives, which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove stricture by my solvent method without the use of instruments.

PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

RUPTURES—I cure ruptures in a few treatments without the use of the knife and without pain or detention from business.

Fully one-half of these cases that are operated upon result in partial or complete failure. One hundred per cent of those I have treated have proven successful.

Think of it, can you afford to run the risk of an operation when a more successful method may be had? And without the consequent suffering and detention in the hospital, and at the same time you are able to go about your usual work.

The wonderful growth of my business and the unprecedented success I have had in treating these chronic and deep-seated diseases is due to a number of causes.

Clean advertising and clean business methods naturally bring to me an intelligent and self-respecting class of people.

I have always made it a rule never to put into my advertising anything that might be deemed vulgar or offensive by the most critical.

I have made it a point never to accept any case for treatment that I thought incurable.

I always give everyone a thorough and systematic examination and endeavor to find the exact condition before I begin treatment. I then treat the diseases instead of the symptoms.

I treat only a few diseases and endeavor to thoroughly understand every one of them, instead of attempting to treat several hundred, which naturally would make it impossible to give more than a superficial study to each one.

Is it any wonder then why I have been so phenomenally successful?

As to my responsibility, ask the banks or look me up in the commercial agencies.

All I ask is a fair chance and I will give you the cure you have paid others for.

Dr. Hardman

DO IT FOR FORT WAYNE

DAY and night views of the Electric Works' new office building on Broadway—one of the most completely equipped fire-proof office buildings in the country.

This company's Fort Wayne plant now occupies eleven acres of land and the combined floor space of the buildings is 400,000 square feet. The Madison, Wis., works occupy four and one-half acres with a floor space of 125,000 square feet.

The principal products manufactured are Arc Lamps, Alternators, Generators, Motors, Rock Drills, Switchboards, Transformers, etc.

Conservative to a degree this company has never tried to do all the electrical business in the country. But it has always been progressive, always prosperous and always trying to make

its product a little better than was required of it. These things have created such a national reputation of quality for its products that a Fort Wayne name plate on anything electrical is as authoritative as the goldsmith's mark on precious metal.

AT MAJESTIC.

"PAID IN FULL."

The Record Making Play Opens Three Days' Engagement at the Majestic Today. Matinee Saturday.

Two million, five hundred thousand persons had seen "Paid in Full" when, at the end of last season, the Wagner & Kemper company allowed its players a brief holiday before starting

them out again this autumn in the celebrated Eugene Walter drama; and five companies had appeared in it for a total of two hundred and forty-four weeks and two thousand and twelve performances. There is a record far exceeding any other in theatrical history the world over. Never before had a play been acted by so many companies; never had so many persons seen a play in an equal space of time; never had there been such notable runs, including two solid years in New York and six months in Chicago; never before had a play without music gone through a summer either in New York or Chicago, and never

er had a play made such a record for return visits. Going back five and six times to many places, "Paid in Full" always did an increased business, invariably the audiences were bigger. A record maker indeed is this Eugene Walter play, and a rousing welcome will be extended to it by local playgoers when it comes to the Majestic this evening and tomorrow and Saturday matinee and night. A feature of the forthcoming engagement is the brilliant cast that will appear in "Paid in Full."

"Brother's Millions" Still Popular.

The advance sale for "Brewster's Millions," which came to the Majestic theater next week, opened at the box office yesterday with a rush.

The success of Mr. George Barr Meade's widely read book is, no doubt, in great measure responsible for the keen desire of theatergoers to witness Winchell Smith's and Byron Ongness's dramatization, together with the assurance that the play will be seen here with all its wealth of spectacular, mechanical and electrical stage effects. Two car loads of scenery are employed in the production, which was staged by Manager Frederick Thompson, who conceived and brought forth the New York

Hippodrome, with its marvel of stage realism, and Luna Park, the most comprehensive and entertaining show garden in the world. The great third act yacht scene in "Brewster's Millions" can be said to be easily the most sensational and realistic setting ever seen on the stage. Aside from these features there is a fascination about the story of a young man required to spend a million dollars in a year, without revealing his reasonable excuse for such extravagance.

William Collier.

All of last season William Collier,

America's foremost comedian, confined his appearances to New York city, where he played thirty-seven consecutive weeks at his own playhouse, Collier's comedy theater. This season, at the urgent solicitation of his manager, Mr. Lew Fields, he is making a short tour in his new comedy, "Take My Advice," in which he will be seen here next week, accompanied by the players who will support him on his return to the metropolis some time in November.

CHINA'S NEW WAR MINISTER TAKES COMMAND.

GENERAL YIN-KHANG, CHINA'S NEW MINISTER OF WAR.

General Yin-Khang, the War Minister, seems to have pushed his troops through the passes on the Po-Nan-Hu-Peh border without resistance. Some, therefore, are of the opinion that he intends to attack promptly. He has, however, fewer troops under his command than has been supposed. It is not generally believed that he has above fifteen thousand, of which only two battalions are Manchus.

YOUNG MAN,

We are selling fine all-wool, fancy Scotch overcoats with combination collars at \$15, that we will guarantee to be \$5.00 under the price of the other stores.

AWAY GOES ALL STOMACH MISERY

No Indigestion, Heartburn, Gas or Dyspepsia Five Minutes Later.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

HOLD ANNUAL PEDRO CONTEST.

Market Club, of Washington Township, Passes Pleasant Evening.

The Washington Township Young Men's Home Market club held its annual Pedro contest Tuesday, October 24, at the home of Mr. and Mrs. John Gillie, of Washington township. Refreshments were served following the contest, and the affair was thoroughly enjoyed by all. The guests present were: William Nitchee, George A. Bowers, William Oswald, Robert Gillie, William Gillie, Otto Myers, William Bernkey, J. M. Walborn, Walter Hanauer, and the Misses Ester Nitchee, Belle Gillie and Grace Oswald. Prizes were awarded to the following: First prize, William Oswald; second, Walter Hanauer; third, Belle Gillie.

NOTICE TO TAXPAYERS

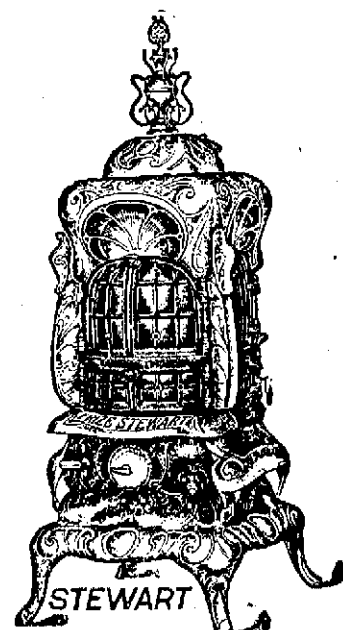

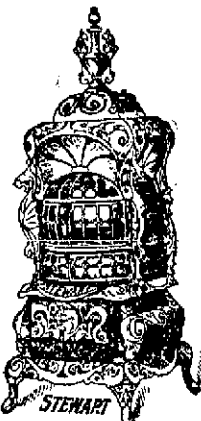

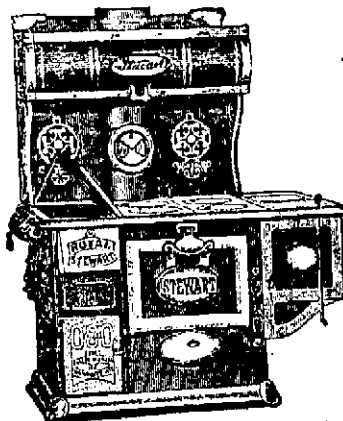

For the convenience of taxpayers the county treasurer's office will be open Thursday, Friday and Saturday evenings of this week from 7 to 9 o'clock. Take south door.

WM. H. SCHEIMAN, Treasurer Allen County.

Oct. 26-27-28 Nov. 2-3-4

Friday night, supper at Third Presbyterian church, from 6 to 8. 25c.

Jewell Steel Ranges are the most durable of all Ranges because they have extra double lined Planished Steel Walls and Asbestos Linings. They bake perfectly because they have a large full-sized oven, protected on the top and made with a sectional non-warping bottom. Foster's have the Fort Wayne agency.

PENN MUTUAL

LIFE INSURANCE COMPANY TO ENTERTAIN SATURDAY.

Julian F. Franke, general agent for the Penn Mutual Life Insurance Company, with offices in the North American Bldg., opposite the Masonic Temple, announces the opening of their beautiful new offices on Saturday next, October 28th, between the hours of one and five, and seven and nine p. m., and the public is most cordially invited to visit the new offices some time during the day or evening.

The countess of Ancaster has devised a new way for the delivery of letters to the guests at her house parties this autumn. Instead of having all letters placed on the hall table, as is usual at country houses, she has had large colored envelopes made and labeled with the names of her guests.

If you have a New Process Visible Gas Range you will find cooking with gas cheaper than using coal or wood. Foster's have them.

OVERALLS.
